INDEPENDENT AUDITOR'S REPORT

The Honorable Brian P. Kemp, Governor of Georgia
Members of the General Assembly of the State of Georgia
Members of the State Board of Education
and
Superintendent and Members of the
Seminole County Board of Education

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Seminole County Board of Education (School District), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the School District as of June 30, 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note 2 to the financial statements, in 2019, the School District adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 84 *Fiduciary Activities*. The School District restated beginning net position and fund balance for the effect of GASB Statement No. 84. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the School District's basic financial statements. The accompanying supplementary information, as listed in the table of contents, is presented for the purposes of additional analysis and is not a required part of the basic financial statements. The Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 U. S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the basic financial statements.

The accompanying supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 30, 2020 on our consideration of the School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School District's internal control over financial reporting and compliance.

A copy of this report has been filed as a permanent record in the office of the State Auditor and made available to the press of the State, as provided for by Official Code of Georgia Annotated section 50-6-24.

Respectfully submitted,

A handwritten signature in black ink that reads "Greg S. Griffin". The signature is written in a cursive, flowing style.

Greg S. Griffin
State Auditor

SEMINOLE COUNTY BOARD OF EDUCATION
 RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF
 REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES
 TO THE STATEMENT OF ACTIVITIES
 JUNE 30, 2019

EXHIBIT "F"

Net change in fund balances total governmental funds (Exhibit "E") \$ 980,946.37

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of capital assets is allocated over their estimated useful lives as depreciation expense.

Capital outlay	\$ 416,268.81	
Depreciation expense	<u>(319,144.90)</u>	97,123.91

Taxes reported in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds. (79,972.76)

District pension contributions are reported as expenditures in the governmental funds when made. However, they are reported as deferred outflows of resources in the Statement of Net Position because the reported net pension/OPEB liability is measured a year before the District's report date. Pension/OPEB expense, which is the change in the net pension/OPEB liability adjusted for changes in deferred outflows and inflows of resources related to pensions/OPEB, is reported in the Statement of Activities.

Pension expense	\$ 815,401.03	
OPEB expense	<u>144,456.00</u>	<u>959,857.03</u>

NOTE 1: DESCRIPTION OF SCHOOL DISTRICT AND REPORTING ENTITY

REPORTING ENTITY

The Seminole County Board of Education (School District) was established under the laws of the State of Georgia and operates under the guidance of a board elected by the voters and a Superintendent appointed by the Board. The School District is organized as a separate legal entity and has the power to levy taxes and issue bonds. Its budget is not subject to approval by any other entity. Accordingly, the School District is a primary government and consists of all the organizations that compose its legal entity.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements of the School District have been prepared in conformity with generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB). GASB is the accepted standard-setting body for governmental accounting and financial reporting principles. The most significant of the School District's accounting policies are described below.

BASIS OF PRESENTATION

The School District's basic financial statements are collectively comprised of the government-wide financial statements, fund financial statements and notes to the basic financial statements. The government-wide statements focus on the School District as a whole, while the fund financial statements focus on major funds. Each presentation provides valuable information that can be analyzed and compared between years and between governments to enhance the information's usefulness.

GOVERNMENT-WIDE STATEMENTS:

The Statement of Net Position and the Statement of Activities display information about the financial activities of the overall School District, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions.

The Statement of Net Position presents the School District's non-fiduciary assets and liabilities, with the difference reported as net position. Net position is reported in three categories as follows:

1. **Net investment in capital assets** consists of the School District's total investment in capital assets, net of accumulated depreciation, and reduced by outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of net investment in capital assets.
2. **Restricted net position** consists of resources for which the School District is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties or imposed by law through constitutional provisions or enabling legislation.
3. **Unrestricted net position** consists of resources not meeting the definition of the two preceding categories. Unrestricted net position often has constraints on resources imposed by management which can be removed or modified.

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the School District's governmental activities.

Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expenses (expenses of the School District related to the administration and support of the School District's programs, such as office and maintenance personnel and accounting) are not allocated to programs.

Program revenues include (a) charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

FUND FINANCIAL STATEMENTS

The fund financial statements provide information about the School District's funds, including fiduciary funds. Eliminations have been made to minimize the double counting of internal activities. Separate financial statements are presented for governmental and fiduciary funds. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column.

The School District reports the following major governmental funds:

- The general fund is the School District's primary operating fund. It accounts for and reports all financial resources not accounted for and reported in another fund.
- The capital projects fund accounts for and reports financial resources including Education Special Purpose Local Option Sales Tax (ESPLOST) that are restricted, committed or assigned for capital outlay expenditures, including the acquisition or construction of capital facilities and other capital assets.

The School District reports the following fiduciary fund type:

- Custodial funds are used to report resources held by the School District in a purely custodial capacity.

BASIS OF ACCOUNTING

The basis of accounting determines when transactions are reported on the financial statements. The government-wide and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the School District gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, sales taxes and grants. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from sales taxes is recognized in the fiscal year in which the underlying transaction (sale) takes place. Revenue from grants is recognized in the fiscal year in which all eligibility requirements have been satisfied.

The School District uses funds to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain governmental functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The School District considers all revenues reported in the governmental funds to be available if they are collected within sixty days after year-end. The School District considers all intergovernmental revenues to be available if they are collected within 120 after year-end. Property taxes, sales taxes and interest are considered to be susceptible to accrual. Expenditures are recorded when the related fund liability is incurred. Capital asset acquisitions are reported as expenditures in governmental funds.

The School District funds certain programs by a combination of specific cost-reimbursement grants, categorical grants, and general revenues. Thus, when program costs are incurred, there are both restricted and unrestricted resources available to finance the program. It is the School District's policy to first apply grant resources to such programs, followed by cost reimbursement grants, and then general revenues.

NEW ACCOUNTING PRONOUNCEMENTS

In fiscal year 2019, the School District adopted Governmental Accounting Standards Board (GASB) Statement No. 83, *Certain Asset Retirement Obligations*. This statement addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this statement. The adoption of this statement does not have an impact on the School District's financial statement.

In fiscal year 2019, the School District adopted Governmental Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities*. The primary objective of this statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. As noted in the Restatement of Net Position note disclosure, the School District restated beginning net position and fund balance for the cumulative effect of this accounting change.

In fiscal year 2019, the School District adopted Governmental Accounting Standards Board (GASB) Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*. The primary objective of this statement is to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt. The adoption of this statement does not have an impact on the School District's financial statement.

CASH AND CASH EQUIVALENTS

Cash and cash equivalents consist of cash on hand, demand deposits, investments in the State of Georgia local government investment pool (Georgia Fund 1) and short-term investments with original maturities of three months or less from the date of acquisition in authorized financial institutions. Official Code of Georgia Annotated (O.C.G.A.) §45-8-14 authorizes the School District to deposit its funds in one or more solvent banks, insured Federal savings and loan associations or insured chartered building and loan associations.

INVESTMENTS

The School District can invest its funds as permitted by O.C.G.A. §36-83-4. In selecting among options for investment or among institutional bids for deposits, the highest rate of return shall be the objective, given equivalent conditions of safety and liquidity.

Investments made by the School District in nonparticipating interest-earning contracts (such as certificates of deposit) and repurchase agreements are reported at cost. Participating interest-earning contracts and money market investments with a maturity at purchase of one year or less are reported at amortized cost. All other investments are reported at fair value.

For accounting purposes, certificates of deposit are classified as investments if they have an original maturity greater than three months when acquired.

RECEIVABLES

Receivables consist of amounts due from property and sales taxes, grant reimbursements due on Federal, State or other grants for expenditures made but not reimbursed and other receivables disclosed from information available. Receivables are recorded when either the asset or revenue recognition criteria has been met. Receivables recorded on the basic financial statements do not include any amounts which would necessitate the need for an allowance for uncollectible receivables.

INVENTORIES

Food Inventories

On the basic financial statements, inventories of donated food commodities used in the preparation of meals are reported at their Federally assigned value and purchased foods inventories are reported at cost (calculated on the first-in, first-out basis). The School District uses the consumption method to account for inventories whereby donated food commodities are recorded as an asset and as revenue when received, and expenses/expenditures are recorded as the inventory items are used. Purchased foods are recorded as an asset when purchased and expenses/expenditures are recorded as the inventory items are used.

CAPITAL ASSETS

On the government-wide financial statements, capital assets are recorded at cost where historical records are available and at estimated historical cost based on appraisals or deflated current replacement cost where no historical records exist. Donated capital assets are recorded at the acquisition value on the date donated. The cost of normal maintenance and repairs that do not add to the value of assets or materially extend the useful lives of the assets is not capitalized. The School District does not capitalize book collections or works of art.

Capital acquisition and construction are recorded as expenditures in the governmental fund financial statements at the time of purchase (including ancillary charges), and the related assets are reported as capital assets in the governmental activities' column in the government-wide financial statements.

Depreciation is computed using the straight-line for all assets, except land, and is used to allocate the actual or estimated historical cost of capital assets over estimated useful lives.

Capitalization thresholds and estimated useful lives of capital assets reported in the government-wide statements are as follows:

	Capitalization Policy	Estimated Useful Life
Land	All	N/A
Land Improvements	\$ 150,000.00	20 to 80 Years
Buildings and Improvements	\$ 150,000.00	50 to 80 Years
Equipment	\$ 50,000.00	5 to 50 Years
Intangible Assets	\$ 100,000.00	10 to 20 Years

DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

In addition to assets, the statement of financial position will report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of resources that applies to a future period(s) and therefore will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of resources that applies to a future period(s) and therefore will not be recognized as an inflow of resources (revenue) until that time.

PENSIONS

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the pension plan's fiduciary net position and additions to/deductions from the plan's fiduciary net position have been

determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Georgia School Employees Postemployment Benefit Fund (School OPEB Fund) and additions to/deductions from School OPEB Fund fiduciary net position have been determined on the same basis as they are reported by School OPEB Fund. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

FUND BALANCES

Fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

The School District's fund balances are classified as follows:

Nonspendable consists of resources that cannot be spent either because they are in a nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted consists of resources that can be used only for specific purposes pursuant constraints either (1) externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or (2) imposed by law through constitutional provisions or enabling legislation.

Committed consists of resources that can be used only for specific purposes pursuant to constraints imposed by formal action of the Board. The Board is the School District's highest level of decision-making authority, and the formal action that is required to be taken to establish, modify, or rescind a fund balance commitment is a resolution approved by the Board. Committed fund balance also should incorporate contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned consists of resources constrained by the School District's intent to be used for specific purposes but are neither restricted nor committed. The intent should be expressed by (1) the Board or (2) the budget or finance committee, or the Superintendent, or designee, to assign amounts to be used for specific purposes.

Unassigned consists of resources within the general fund not meeting the definition of any aforementioned category. The general fund should be the only fund that reports a positive unassigned fund balance amount. In other governmental funds, it may be necessary to report a negative unassigned fund balance.

USE OF ESTIMATES

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

PROPERTY TAXES

The Seminole County Board of Commissioners adopted the property tax levy for the 2018 tax digest year (calendar year) on November 20, 2018 (levy date) based on property values as of January 1, 2018. Taxes were due on January 20, 2019 (lien date). Taxes collected within the current fiscal year or within 60 days after year-end on the 2018 tax digest are reported as revenue in the governmental funds for fiscal year 2019. The Seminole County Tax Commissioner bills and collects

the property taxes for the School District, and remits the taxes collected to the School District. Property tax revenues, at the fund reporting level, during the fiscal year ended June 30, 2019, for maintenance and operations amounted to \$4,733,622.28.

The tax millage rate levied for the 2018 tax year (calendar year) for the School District was as follows (a mill equals \$1 per thousand dollars of assessed value):

School Operations	<u>16.702</u> mills
-------------------	---------------------

Additionally, Title Ad Valorem Tax revenues, at the fund reporting level, amounted to \$398,800.98 during fiscal year ended June 30, 2019.

SALES TAXES

Education Special Purpose Local Option Sales Tax (ESPLOST), at the fund reporting level, during the year amounted to \$1,043,972.88 and is to be used for capital outlay for educational purposes or debt service. This sales tax was authorized by local referendum and the sales tax must be re-authorized at least every five years.

NOTE 3: BUDGETARY DATA

The budget is a complete financial plan for the School District's fiscal year and is based upon careful estimates of expenditures together with probable funding sources. The budget is legally adopted each year for the general and capital projects funds. There is no statutory prohibition regarding over expenditure of the budget at any level. The budget for all governmental funds, except the various school activity (principal) accounts, is prepared and adopted by fund, function and object. The legal level of budgetary control was established by the Board at the aggregate function level. The budget for the general fund was prepared in accordance with accounting principles generally accepted in the United States of America.

The budgetary process begins with the School District's administration presenting an initial budget for the Board's review. The administration makes revisions as necessary based on the Board's guidelines, and a tentative budget is approved. After approval of this tentative budget by the Board, such budget is advertised at least once in a newspaper of general circulation in the locality, as well as the School District's website. At the next regularly scheduled meeting of the Board after advertisement, the Board receives comments on the tentative budget, makes revisions as necessary and adopts a final budget. The approved budget is then submitted, in accordance with provisions of O.C.G.A. §20-2-167(c), to the Georgia Department of Education. The Board may increase or decrease the budget at any time during the year. All unexpended budget authority lapses at fiscal year-end.

See the General Fund Schedule of Revenues, Expenditures and Changes in Fund Balances – Budget to Actual in the Supplementary Information Section for a detail of any over/under expenditures during the fiscal year under review.

NOTE 4: DEPOSITS

COLLATERALIZATION OF DEPOSITS

O.C.G.A. § 45-8-12 provides that there shall not be on deposit at any time in any depository for a time longer than ten days a sum of money which has not been secured by surety bond, by guarantee of insurance, or by collateral. The aggregate of the face value of such surety bond and the market value of securities pledged shall be equal to not less than 110% of the public funds being secured after the deduction of the amount of deposit insurance. If a depository elects the pooled method (O.C.G.A. § 45-8-13.1) the aggregate of the market value of the securities pledged to secure a pool of public funds shall be not less than 110% of the daily pool balance.

Acceptable security for deposits consists of any one of or any combination of the following:

- (1) Surety bond signed by a surety company duly qualified and authorized to transact business within the State of Georgia,

SEMINOLE COUNTY BOARD OF EDUCATION
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 JUNE 30, 2019

EXHIBIT "I"

- (2) Insurance on accounts provided by the Federal Deposit Insurance Corporation,
- (3) Bonds, bills, notes, certificates of indebtedness or other direct obligations of the United States or of the State of Georgia,
- (4) Bonds, bills, notes, certificates of indebtedness or other obligations of the counties or municipalities of the State of Georgia,
- (5) Bonds of any public authority created by the laws of the State of Georgia, providing that the statute that created the authority authorized the use of the bonds for this purpose,
- (6) Industrial revenue bonds and bonds of development authorities created by the laws of the State of Georgia, and
- (7) Bonds, bills, notes, certificates of indebtedness, or other obligations of a subsidiary corporation of the United States government, which are fully guaranteed by the United States government both as to principal and interest or debt obligations issued by or securities guaranteed by the Federal Land Bank, the Federal Home Loan Bank, the Federal Intermediate Credit Bank, the Central Bank for Cooperatives, the Farm Credit Banks, the Federal Home Loan Mortgage Association, and the Federal National Mortgage Association.

CATEGORIZATION OF DEPOSITS

Custodial credit risk is the risk that in the event of a bank failure, the School District's deposits may not be returned to it. The School District does not have a deposit policy for custodial credit risk. At June 30, 2019, the School District had deposits with a carrying amount of \$6,582,703.25 and a bank balance of \$6,975,914.94. The bank balances insured by Federal depository insurance were \$500,000.00, the bank balances collateralized with securities held by the pledging financial institution in the School District's name were \$3,018,260.67, and the bank balances included in the State's Secure Deposit Program (SDP) were \$3,457,654.27.

The School District participates in the State's Secure Deposit Program (SDP), a multi-bank pledging pool. The SDP requires participating banks that accept public deposits in Georgia to operate under the policy and procedures of the program. The Georgia Office of State Treasury (OST) sets the collateral requirements and pledging level for each covered depository. There are four tiers of collateralization levels specifying percentages of eligible securities to secure covered deposits: 25%, 50%, 75%, and 110%. The SDP also provides for collateral levels to be increased to amount of up to 125% if economic or financial conditions warrant. The program lists the types of eligible collateral. The OST approves authorized custodians.

In accordance with the SDP, if a covered depository defaults, losses to public depositors are first satisfied with any applicable insurance, followed by demands of payment under any letters of credit or sale of the covered depository's collateral. If necessary, any remaining losses are to be satisfied by assessments made against the other participating covered depositories. Therefore, for disclosure purposes, all deposits of the SDP are considered to be fully collateralized.

Reconciliation of cash and cash equivalents balances to carrying value of deposits:

Cash and cash equivalents		
Statement of Net Position	\$	5,018,081.14
Statement of Fiduciary Net Position		1,259.20
Total cash and cash equivalents		5,019,340.34
Add:		
Deposits with original maturity of three months or more reported as investments		1,563,362.91
Total carrying value of deposits - June 30, 2019	\$	6,582,703.25

NOTE 5: CAPITAL ASSETS

The following is a summary of changes in the capital assets for governmental activities during the fiscal year:

	Balances July 1, 2018	Increases	Decreases	Balances June 30, 2019
Governmental Activities				
Capital Assets, Not Being Depreciated:				
Land	\$ 316,435.00	\$ -	\$ -	\$ 316,435.00
Construction in Progress	-	324,018.81	-	324,018.81
Total Capital Assets Not Being Depreciated	316,435.00	324,018.81	-	640,453.81
Capital Assets Being Depreciated:				
Buildings and Improvements	14,746,589.00	-	-	14,746,589.00
Equipment	1,658,688.00	92,250.00	-	1,750,938.00
Land Improvements	857,908.00	-	-	857,908.00
Less Accumulated Depreciation for:				
Buildings and Improvements	3,817,633.55	202,277.73	-	4,019,911.28
Equipment	732,451.47	88,270.24	-	820,721.71
Land Improvements	378,304.83	28,596.93	-	406,901.76
Total Capital Assets, Being Depreciated, Net	12,334,795.15	(226,894.90)	-	12,107,900.25
Governmental Activity Capital Assets - Net	\$ 12,651,230.15	\$ 97,123.91	\$ -	\$ 12,748,354.06

Current year depreciation expense by function is as follows:

Instruction	\$ 166,244.34
Support Services	
Pupil Services	\$ 54,998.40
Student Transportation Services	93,064.66
Food Services	4,837.50
	\$ 319,144.90

NOTE 6: RISK MANAGEMENT

INSURANCE

Commercial Insurance

The School District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors or omissions; job related illness or injuries to employees; and natural disasters. The School District carries commercial insurance for risk of loss associate with automobile risks and flood risks. Settled claims resulting from these insured risks have not exceed commercial insurance coverage in any of the previous years.

Georgia School Boards Association Risk and Insurance Management System

The School District participates in the Georgia School Boards Association Risk and Insurance Management System (the System), a public entity risk pool organized on July 1, 1994, to develop and administer a plan to reduce risk of loss on account of general liability, or property damage, including safety engineering and other loss prevention and control techniques, and to administer one or more groups of self-insurance funds, including the processing and defense of claims brought against

members of the system. The School District pays an annual premium to the System for its general insurance coverage. Additional coverage is provided through agreements by the System with other companies according to their specialty for property, boiler and machinery (including coverage for flood and earthquake), general liability (including coverage for sexual harassment, molestation and abuse), errors and omissions, crime and automobile risks. Payment of excess insurance for the System varies by line of coverage.

WORKERS' COMPENSATION

Georgia School Boards Association Workers' Compensation Fund

The School District participates in the Georgia School Boards Association Workers' Compensation Fund (the Fund), a public entity risk pool organized on July 1, 1992, to develop, implement, and administer a program of workers' compensation self-insurance for its member organizations. The School District pays an annual premium to the Fund for its Workers' Compensation insurance coverage. Excess insurance coverage is provided through an agreement by the Fund with the Safety National Casualty Corporation to provide coverage for potential losses sustained by the Fund in excess of \$550 thousand loss per occurrence, up to the statutory limit. Employers' Liability insurance coverage is also provided by Safety National Casualty Corporation to provide coverage for potential losses sustained by the Fund in excess of \$550 thousand loss per occurrence, up to \$2.0 million. In addition to the \$550,000.00 per occurrence retention, the Fund also retains an additional \$200,000.00 per year corridor retention.

UNEMPLOYMENT COMPENSATION

The School District is self-insured with regard to unemployment compensation claims. The School District accounts for claims within the general fund with expenses/expenditures and liability being reported when it is probable that a loss has occurred, and the amount of that loss can be reasonably estimated. The School District has not incurred any liabilities for unemployment compensation during the past two years.

SURETY BOND

The School District purchased surety bonds to provide additional insurance coverage as follows:

Position Covered	Amount
Superintendent	\$ 100,000.00
Both Principals	\$ 5,000.00
Financial Director	\$ 5,000.00
Both Lunchroom Managers	\$ 5,000.00

NOTE 7: FUND BALANCE CLASSIFICATION DETAILS

The School District's financial statements include the following amounts presented in the aggregate at June 30, 2019:

Nonspendable			
Inventories		\$	14,560.30
Restricted			
Continuation of Federal Programs	\$	270,180.77	
Capital Projects		1,611,498.05	1,881,678.82
Assigned			
School Activity Accounts			217,495.90
Unassigned			3,973,479.32
Fund Balance, June 30, 2019		\$	6,087,214.34

When multiple categories of fund balance are available for expenditure, the School District will start with the most restricted category and spend those funds first before moving down to the next category with available funds.

It is the goal of the School District to achieve and maintain a committed, assigned, and unassigned fund balance in the general fund at fiscal year-end of not less than 2% of revenues, not to exceed 15% of the total budget of the subsequent fiscal year. If the unassigned fund balance at fiscal year-end falls below the goal, the School District shall develop a restoration plan to achieve and maintain the minimum fund balance.

NOTE 8: SIGNIFICANT COMMITMENTS

COMMITMENTS UNDER CONSTRUCTION CONTRACTS

The following is an analysis of significant outstanding construction or renovation contracts executed by the School District as of June 30, 2019:

Project	Unearned Executed Contracts (1)	Payments through June 30, 2019 (2)
1949 Building	\$ 364,647.25	\$ 267,517.64
Security Grants	84,848.30	56,500.81
	\$ 449,495.55	\$ 324,018.45

- (1) The amounts described are not reflected in the basic financial statements.
- (2) Payments include contracts and retainages payable at year end.

NOTE 9: SIGNIFICANT CONTINGENT LIABILITIES

FEDERAL GRANTS

Amounts received or receivable principally from the Federal government are subject to audit and review by grantor agencies. This could result in requests for reimbursement to the grantor agency for any costs which are disallowed under grant terms. Any disallowances resulting from the grantor audit may become a liability of the School District. However, the School District believes that such disallowances, if any, will be immaterial to its overall financial position.

NOTE 10: OTHER POST-EMPLOYMENT BENEFITS (OPEB)

GEORGIA SCHOOL PERSONNEL POST-EMPLOYMENT HEALTH BENEFIT FUND

Plan Description: Certified teachers and non-certified public school employees of the School District as defined in §20-2-875 of the Official Code of Georgia Annotated (O.C.G.A.) are provided OPEB through the School OPEB Fund - a cost-sharing multiple-employer defined benefit postemployment healthcare plan, reported as an employee trust fund and administered by a Board of Community Health (Board). Title 20 of the O.C.G.A. assigns the authority to establish and amend the benefit terms of the group health plan to the Board.

Benefits Provided: The School OPEB Fund provides healthcare benefits for retirees and their dependents due under the group health plan for public school teachers, including librarians, other certified employees of public schools, regional educational service agencies and non-certified public school employees. Retiree medical eligibility is attained when an employee retires and is immediately eligible to draw a retirement annuity from Employees' Retirement System (ERS), Georgia Judicial Retirement System (JRS), Legislative Retirement System (LRS), Teachers Retirement System (TRS) or Public School Employees Retirement System (PSERS). If elected, dependent coverage starts on the same day as retiree coverage. Medicare-eligible retirees are offered Standard and Premium Medicare Advantage plan options. Non-Medicare eligible retiree plan options include Health Reimbursement

SEMINOLE COUNTY BOARD OF EDUCATION
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 JUNE 30, 2019

EXHIBIT "I"

Arrangement (HRA), Health Maintenance Organization (HMO) and a High Deductible Health Plan (HDHP). The School OPEB Fund also pays for administrative expenses of the fund. By law, no other use of the assets of the School OPEB Fund is permitted.

Contributions: As established by the Board, the School OPEB Fund is substantially funded on a pay-as-you-go basis; that is, annual cost of providing benefits will be financed in the same year as claims occur. Contributions to the School OPEB Fund from the School District were \$544,977.00 for the year ended June 30, 2019. Active employees are not required to contribute to the School OPEB Fund.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2019, the School District reported a liability of \$13,073,190.00 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2018. The total OPEB liability used to calculate the net OPEB liability was based on an actuarial valuation as of June 30, 2017. An expected total OPEB liability as of June 30, 2018 was determined using standard roll-forward techniques. The School District's proportion of the net OPEB liability was actuarially determined based on employer contributions during the fiscal year ended June 30, 2018. At June 30, 2018, the School District's proportion was 0.102860%, which was a decrease of 0.002195% from its proportion measured as of June 30, 2017.

For the year ended June 30, 2019, the School District recognized OPEB expense of \$400,521.00. At June 30, 2019, the School District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	OPEB	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 297,363.00
Changes of assumptions	-	2,214,661.00
Net difference between projected and actual earnings on OPEB plan investments	17,688.00	-
Changes in proportion and differences between School District contributions and proportionate share of contributions	-	742,814.00
School District contributions subsequent to the measurement date	544,977.00	-
Total	\$ 562,665.00	\$ 3,254,838.00

SEMINOLE COUNTY BOARD OF EDUCATION
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 JUNE 30, 2019

EXHIBIT "I"

School District contributions subsequent to the measurement date of \$544,977.00 are reported as deferred outflows of resources and will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ended June 30:	OPEB
2020	\$ (636,374.00)
2021	\$ (636,374.00)
2022	\$ (636,374.00)
2023	\$ (637,432.00)
2024	\$ (509,407.00)
2025	\$ (181,189.00)

Actuarial assumptions: The total OPEB liability as of June 30, 2018 was determined by an actuarial valuation as of June 30, 2017 using the following actuarial assumptions and other inputs, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2018:

OPEB:

Inflation	2.75%
Salary increases	3.25% - 9.00%, including inflation
Long-term expected rate of return	7.30%, compounded annually, net of investment expense, and including inflation
Healthcare cost trend rate	
Pre-Medicare Eligible	7.50%
Medicare Eligible	5.50%
Ultimate trend rate	
Pre-Medicare Eligible	4.75%
Medicare Eligible	4.75%
Year of Ultimate trend rate	
Pre-Medicare Eligible	2028
Medicare Eligible	2022

Mortality rates were based on the RP-2000 Combined Mortality Table for Males or Females, as appropriate, with adjustments for mortality improvements based on Scale BB as follows:

- For TRS members: The RP-2000 White Collar Mortality Table projected to 2025 with projection scale BB (set forward 1 year for males) is used for death after service retirement and beneficiaries. The RP-2000 Disabled Mortality Table projected to 2025 with projection scale BB (set forward two years for males and four years for females) is used for death after disability retirement.
- For PSERS members: The RP-2000 Blue-Collar Mortality Table projected to 2025 with projection scale BB (set forward 3 years for males and 2 years for females) is used for the period after service retirement and for beneficiaries of deceased members. The RP-2000 Disabled Mortality Table projected to 2025 with projection scale BB (set forward 5 years for both males and females) is used for the period after disability retirement.

SEMINOLE COUNTY BOARD OF EDUCATION
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 JUNE 30, 2019

EXHIBIT "I"

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the pension systems, which covered the five-year period ending June 30, 2014.

The remaining actuarial assumptions (e.g., initial per capita costs, health care cost trends, rate of plan participation, rates of plan election, etc.) used in the June 30, 2017 valuation were based on a review of recent plan experience done concurrently with the June 30, 2017 valuation.

Projection of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculation.

The long-term expected rate of return on OPEB plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected nominal returns, net of investment expense and the assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. During fiscal year 2018, the School OPEB fund updated their investment strategy to a more long-term approach. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset class</u>	<u>Target allocation</u>	<u>Long-Term Expected Real Rate of Return*</u>
Fixed income	30.00%	(0.50)%
Domestic Stocks -- Large Cap	37.20%	9.00%
Domestic Stocks -- Mid Cap	3.40%	12.00%
Domestic Stocks -- Small Cap	1.40%	13.50%
Int'l Stocks - Developed Mkt	17.80%	8.00%
Int'l Stocks - Emerging Mkt	5.20%	12.00%
Alternatives	5.00%	10.50%
Total	<u>100.00%</u>	

*Net of Inflation

Discount rate: The discount rate has changed since the prior measurement date from 3.58% to 3.87%. In order to measure the total OPEB liability for the School OPEB Fund, a single equivalent interest rate of 3.87% was used as the discount rate. This is comprised mainly of the yield or index rate for 20-year tax-exempt general obligation municipal bonds with an average rating of AA or higher (3.87% per the Bond Buyers Index). The projection of cash flows used to determine the discount rate assumed that contributions from members and from the employer will be made at the current level as averaged over the last five years, adjusted for annual projected changes in headcount. Projected future benefit payments for all current plan members were projected through 2118. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make OPEB payments for inactive employees through year 2018. Therefore, the calculated discount rate of 3.87% was applied to all periods of projected benefit payments to determine the total OPEB liability.

Sensitivity of the School District's proportionate share of the net OPEB liability to changes in the discount rate: The following presents the School District's proportionate share of the net OPEB liability calculated using the discount rate of 3.87%, as well as what the School District's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.87%) or 1 percentage-point higher (4.87%) than the current discount rate:

	1% Decrease (2.87%)		Current Discount Rate (3.87%)		1% Increase (4.87%)
School District's proportionate share of the Net OPEB Liability	\$ 15,265,388.00	\$	13,073,190.00	\$	11,305,413.00

Sensitivity of the School District's proportionate share of the net OPEB liability to changes in the healthcare cost trend rates: The following presents the School District's proportionate share of the net OPEB liability, as well as what the School District's proportionate share of the net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	1% Decrease		Current Healthcare Cost Trend Rate		1% Increase
School District's proportionate share of the Net OPEB Liability	\$ 10,990,736.00	\$	13,073,190.00	\$	15,734,490.00

OPEB plan fiduciary net position: Detailed information about the OPEB plan's fiduciary net position is available in the Comprehensive Annual Financial Report (CAFR) which is publicly available at <https://sao.georgia.gov/comprehensive-annual-financial-reports>.

NOTE 11: RETIREMENT PLANS

The School District participates in various retirement plans administered by the State of Georgia, as further explained below.

TEACHERS RETIREMENT SYSTEM OF GEORGIA (TRS)

Plan Description: All teachers of the School District as defined in O.C.G.A §47-3-60 and certain other support personnel as defined by §47-3-63 are provided a pension through the Teachers Retirement System of Georgia (TRS). TRS, a cost-sharing multiple-employer defined benefit pension plan, is administered by the TRS Board of Trustees (TRS Board). Title 47 of the O.C.G.A. assigns the authority to establish and amend the benefit provisions to the State Legislature. The Teachers Retirement System of Georgia issues a publicly available separate financial report that can be obtained at www.trsga.com/publications.

Benefits Provided: TRS provides service retirement, disability retirement, and death benefits. Normal retirement benefits are determined as 2% of the average of the employee's two highest paid consecutive years of service, multiplied by the number of years of creditable service up to 40 years. An employee is eligible for normal service retirement after 30 years of creditable service, regardless of age, or after 10 years of service and attainment of age 60. Ten years of service is required for disability and death benefits eligibility. Disability benefits are based on the employee's creditable service and compensation up to the time of disability. Death benefits equal the amount that would be payable to the employee's beneficiary had the employee retired on the date of death. Death benefits are based on the employee's creditable service and compensation up to the date of death.

Contributions: Per Title 47 of the O.C.G.A., contribution requirements of active employees and participating employers, as actuarially determined, are established and may be amended by the TRS Board. Pursuant to O.C.G.A. §47-3-63, the employer contributions for certain full-time public school support personnel are funded on behalf of the employer by the State of Georgia. Contributions are expected to finance the costs of benefits earned by employees during the year, with an additional

amount to finance any unfunded accrued liability. Employees were required to contribute 6.00% of their annual pay during fiscal year 2019. The School District's contractually required contribution rate for the year ended June 30, 2019 was 20.90% of annual School District payroll, of which 20.62% of payroll was required from the School District and 0.28% of payroll was required from the State. For the current fiscal year, employer contributions to the pension plan were \$1,594,037.18 and \$20,584.16 from the School District and the State, respectively.

PUBLIC SCHOOL EMPLOYEES RETIREMENT SYSTEM (PSERS)

Plan Description: PSERS is a cost-sharing multiple-employer defined benefit pension plan established by the Georgia General Assembly in 1969 for the purpose of providing retirement allowances for public school employees who are not eligible for membership in the Teachers Retirement System of Georgia. The ERS Board of Trustees, plus two additional trustees, administers PSERS. Title 47 of the O.C.G.A. assigns the authority to establish and amend the benefit provisions to the State Legislature. PSERS issues a publicly available financial report that can be obtained at www.ers.ga.gov/formspubs/formspubs.

Benefits provided: A member may retire and elect to receive normal monthly retirement benefits after completion of ten years of creditable service and attainment of age 65. A member may choose to receive reduced benefits after age 60 and upon completion of ten years of service.

Upon retirement, the member will receive a monthly benefit of \$15.00, multiplied by the number of years of creditable service. Death and disability benefits are also available through PSERS. Additionally, PSERS may make periodic cost-of-living adjustments to the monthly benefits. Upon termination of employment, member contributions with accumulated interest are refundable upon request by the member. However, if an otherwise vested member terminates and withdraws his/her member contribution, the member forfeits all rights to retirement benefits.

Contributions: The general assembly makes an annual appropriation to cover the employer contribution to PSERS on behalf of local school employees (bus drivers, cafeteria workers, and maintenance staff). The annual employer contribution required by statute is actuarially determined and paid directly to PSERS by the State Treasurer in accordance with O.C.G.A. §47-4-29(a) and 60(b). Contributions are expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Individuals who became members prior to July 1, 2012 contribute \$4 per month for nine months each fiscal year. Individuals who became members on or after July 1, 2012 contribute \$10 per month for nine months each fiscal year. The State of Georgia, although not the employer of PSERS members, is required by statute to make employer contributions actuarially determined and approved and certified by the PSERS Board of Trustees. The current fiscal year contribution was \$34,189.00.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019, the School District reported a liability of \$11,997,084.00 for its proportionate share of the net pension liability for TRS.

The TRS net pension liability reflected a reduction for support provided to the School District by the State of Georgia for certain public school support personnel. The amount recognized by the School District as its proportionate share of the net pension liability, the related State of Georgia support, and the total portion of the net pension liability that was associated with the School District were as follows:

School District's proportionate share of the net pension liability	\$	11,997,084.00
State of Georgia's proportionate share of the net pension liability associated with the School District		135,132.00
Total	\$	12,132,216.00

SEMINOLE COUNTY BOARD OF EDUCATION
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 JUNE 30, 2019

EXHIBIT "I"

The net pension liability for TRS was measured as of June 30, 2018. The total pension liability used to calculate the net pension liability was based on an actuarial valuation as of June 30, 2017. An expected total pension liability as of June 30, 2018 was determined using standard roll-forward techniques. The School District's proportion of the net pension liability was based on contributions to TRS during the fiscal year ended June 30, 2018.

At June 30, 2018, the School District's TRS proportion was 0.064632%, which was a decrease of 0.000965% from its proportion measured as of June 30, 2017.

At June 30, 2019, the School District did not have a PSERS liability for a proportionate share of the net pension liability because of a Special Funding Situation with the State of Georgia, which is responsible for the net pension liability of the plan. The amount of the State's proportionate share of the net pension liability associated with the School District is \$217,014.00.

The PSERS net pension liability was measured as of June 30, 2018. The total pension liability used to calculate the net pension liability was based on an actuarial valuation as of June 30, 2017. An expected total pension liability as of June 30, 2018 was determined using standard roll-forward techniques. The State's proportion of the net pension liability associated with the School District was based on actuarially determined contributions paid by the State during the fiscal year ended June 30, 2018.

For the year ended June 30, 2019, the School District recognized pension expense of \$787,913.00 for TRS and \$50,247.00 for PSERS and revenue of \$7,179.00 for TRS and \$50,247.00 for PSERS. The revenue is support provided by the State of Georgia. For TRS the State of Georgia support is provided only for certain support personnel.

At June 30, 2019, the School District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	TRS	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 794,224.00	\$ 24,726.00
Changes of assumptions	181,032.00	-
Net difference between projected and actual earnings on pension plan investments	-	328,024.00
Changes in proportion and differences between School District contributions and proportionate share of contributions	-	800,976.00
School District contributions subsequent to the measurement date	1,594,037.18	-
Total	\$ 2,569,293.18	\$ 1,153,726.00

SEMINOLE COUNTY BOARD OF EDUCATION
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 JUNE 30, 2019

EXHIBIT "I"

The School District contributions subsequent to the measurement date for TRS are reported as deferred outflows of resources and will be recognized as a reduction of the net pension liability in the year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30:	TRS
2020	\$ 252,324.00
2021	\$ 101,937.00
2022	\$ (488,879.00)
2023	\$ (51,847.00)
2024	\$ 7,995.00

Actuarial assumptions: The total pension liability as of June 30, 2018 was determined by an actuarial valuation as of June 30, 2017, using the following actuarial assumptions, applied to all periods included in the measurement:

Teachers Retirement System:

Inflation	2.75%
Salary increases	3.25% – 9.00%, average, including inflation
Investment rate of return	7.50%, net of pension plan investment expense, including inflation

Post-retirement mortality rates were based on the RP-2000 White Collar Mortality Table with future mortality improvement projected to 2025 with the Society of Actuaries' projection scale BB (set forward one year for males) for service requirements and dependent beneficiaries. The RP-2000 Disabled Mortality table with future mortality improvement projected to 2025 with Society of Actuaries' projection scale BB (set forward two years for males and four years for females) was used for the death after disability retirement. Rates of mortality in active service were based on the RP-2000 Employee Mortality Table projected to 2025 with projection scale BB.

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the period July 1, 2009 – June 30, 2014.

Public School Employees Retirement System:

Inflation	2.75%
Salary increases	N/A
Investment rate of return	7.30%, net of pension plan investment expense, including inflation

Post-retirement mortality rates were based on the RP-2000 Blue-Collar Mortality Table projected to 2025 with projection scale BB (set forward 3 years for males and 2 years for females) for the period after service retirements and for dependent beneficiaries. The RP-2000 Disabled Mortality projected to 2025 with projection scale BB (set forward 5 years for both males and females) was used for death after disability retirement. There is a margin for future mortality improvement in the tables used by the System. Based on the results of the most recent experience study adopted by the Board on December 17, 2015, the numbers of expected future deaths are 9-11% less than the actual number of deaths that occurred during the study period for healthy retirees and 9-11% less than expected under the selected table for disabled retirees. Rates of mortality in active service were based on the RP-2000 Employee Mortality Table projected to 2025 with projection scale BB.

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the period July 1, 2009 – June 30, 2014.

SEMINOLE COUNTY BOARD OF EDUCATION
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 JUNE 30, 2019

EXHIBIT "I"

The long-term expected rate of return on TRS and PSERS pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset class	TRS Target allocation	PSERS Target allocation	Long-term expected real rate of return*
Fixed income	30.00%	30.00%	(0.50)%
Domestic large stocks	39.80%	37.20%	9.00%
Domestic mid stocks	3.70%	3.40%	12.00%
Domestic small stocks	1.50%	1.40%	13.50%
International developed market stocks	19.40%	17.80%	8.00%
International emerging market stocks	5.60%	5.20%	12.00%
Alternative	-	5.00%	10.50%
Total	<u>100.00%</u>	<u>100.00%</u>	

* Rates shown are net of the 2.75% assumed rate of inflation

Discount rate: The discount rate used to measure the total TRS pension liability was 7.50%. The discount rate used to measure the total PSERS pension liability was 7.30%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer and nonemployer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the TRS and PSERS pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the School District's proportionate share of the net pension liability to changes in the discount rate: The following presents the School District's proportionate share of the net pension liability calculated using the discount rate of 7.50%, as well as what the School District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.50%) or 1-percentage-point higher (8.50%) than the current rate:

Teachers Retirement System:	1% Decrease (6.50%)	Current Discount Rate (7.50%)	1% Increase (8.50%)
School District's proportionate share of the net pension liability	\$ 20,026,568.00	\$ 11,997,084.00	\$ 5,380,380.00

Pension plan fiduciary net position: Detailed information about the pension plan's fiduciary net position is available in the separately issued TRS and PSERS financial report which is publicly available at www.trsga.com/publications and <http://www.ers.ga.gov/formspubs/formspubs.html>.

 NOTES TO THE BASIC FINANCIAL STATEMENTS
 JUNE 30, 2019

EXHIBIT "I"

NOTE 12: RESTATEMENT OF PRIOR YEAR NET POSITION

For fiscal year 2019, the School District made prior period adjustments due to the adoption of GASB Statement No. 84, as described in “New Accounting Pronouncements”, which require the restatement of the June 30, 2018 net position in Governmental Activities fund balance in the General Fund and Fiduciary Funds. These changes are in accordance with generally accepted accounting procedures.

Net Position, July 1, 2018, as previously reported	\$	(9,550,808.71)
Prior Period Adjustment - Implementation of GASB No. 84: School Activity Account Reclassification		89,834.52
Net Position, July 1, 2018, as restated	\$	(9,460,974.19)
Fund Balance (General Fund), July 1, 2018, as previously reported	\$	3,865,835.84
Prior Period Adjustment - Implementation of GASB No. 84: School Activity Account Reclassification		89,834.52
Fund Balance (General Fund), July 1, 2018, as restated	\$	3,955,670.36
Net Position (Fiduciary Funds), July 1, 2018	\$	-
Prior Period Adjustment - Implementation of GASB No. 84: Restatement for Custodial Funds Beginning Net Position		1,759.20
Net Position (Fiduciary Funds), July 1, 2018, as restated	\$	1,759.20

NOTE 13: SUBSEQUENT EVENT

In December 2019, a strain of coronavirus (COVID-19) began to spread worldwide, resulting in a severe impact to the United States economy in March 2020. The spread of COVID-19 has had a negative impact on virtually all businesses and individuals which comprise the tax base of all levels of government. The extent of this impact is uncertain but is expected to have negative results on financial operations, however the impact cannot be reasonably estimated at this time.

Teachers Retirement System

Changes of assumptions: On November 18, 2015, the Board adopted recommended changes to the economic and demographic assumptions utilized by the System. Primary among the changes were the updates to rates of mortality, retirement, disability, withdrawal and salary increases. The expectation of retired life mortality was changed to RP 2000 White Collar Mortality Table with future mortality improvement projected to 2025 with the Society of Actuaries' projection scale BB (set forward one year for males).

In 2010 and later, the expectation of retired life mortality was changed to the RP 2000 Mortality Tables rather than the 1994 Group Annuity Mortality Table, which was used prior to 2010. In 2010, rates of withdrawal, retirement, disability and mortality were adjusted to more closely reflect actual experience. In 2010, assumed rates of salary increase were adjusted to more closely reflect actual and anticipated experience.

Public School Employees Retirement System

Changes of assumptions: On March 15, 2018, the Board adopted a new funding policy. Because of this new funding policy, the assumed investment rate of return was reduced from 7.50% to 7.40% for June 30, 2017 actuarial valuation. In addition, based on the Board's new funding policy, the assumed investment rate of return was further reduced by 0.10% from 7.40% to 7.30% as of the June 30, 2018 measurement date.

On December 17, 2015, the Board adopted recommended changes to the economic and demographic assumptions utilized by the System. Primary among the changes were the updates to rates of mortality, retirement and withdrawal. The expectation of retired life mortality was changed to the RP 2000 Blue Collar Mortality Table projected to 2025 with projection scale BB (set forward 3 years for males and 2 years for females).

In 2010 and later, the expectation of retired life mortality was changed to the RP 2000 Mortality Tables rather than the 1994 Group Annuity Mortality Table, which was used prior to 2010. In 2010, rates of withdrawal, retirement, disability and mortality were adjusted to more closely reflect actual experience.

School OPEB Fund

Changes of benefit terms: There have been no changes in benefit terms.

Changes of assumptions: June 30, 2017 valuation: the June 30, 2017 actuarial valuation was revised, for various factors, including the methodology used to determine how employees and retirees were assigned to each of the OPEB Funds and anticipated participation percentages. Current and former employees of State organizations (including technical colleges, community service boards and public health departments) are now assigned to the State OPEB fund based on their last employer payroll location: irrespective of retirement affiliation.

The discount rate was updated from 3.58% as of June 30, 2017 to 3.87% as of June 30, 2018.

Notes to the Schedule of Expenditures of Federal Awards

Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of the Seminole County Board of Education (the "Board") under programs of the federal government for the year ended June 30, 2019. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Board, it is not intended to and does not present the financial position or changes in net position of the Board.

Note 2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Note 3. Indirect Cost Rate

The Board has elected not to use the 10-percent de minimus indirect cost rate as allowed under Uniform Guidance.

See notes to the basic financial statements.

SECTION II

COMPLIANCE AND INTERNAL CONTROL REPORTS

DEPARTMENT OF AUDITS AND ACCOUNTS

270 Washington Street, S.W., Suite 1-156
Atlanta, Georgia 30334-8400

Greg S. Griffin
STATE AUDITOR
(404) 656-2174

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Brian P. Kemp, Governor of Georgia
Members of the General Assembly of the State of Georgia
Members of the State Board of Education
and
Superintendent and Members of the
Seminole County Board of Education

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Seminole County Board of Education (School District), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements, and have issued our report thereon dated September 30, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify a certain deficiency in internal control, described in the accompanying *Schedule of Findings and Questioned Costs* as item FS 2019-001, that we consider to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing*.

School District's Response to Findings

The School District's response to the finding identified in our audit is described in the accompanying *Schedule of Findings and Questioned Costs*. The School District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

Greg S. Griffin
State Auditor

September 30, 2020

DEPARTMENT OF AUDITS AND ACCOUNTS

270 Washington Street, S.W., Suite 1-156
Atlanta, Georgia 30334-8400

Greg S. Griffin
STATE AUDITOR
(404) 656-2174

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

The Honorable Brian P. Kemp, Governor of Georgia
Members of the General Assembly of the State of Georgia
Members of the State Board of Education
and
Superintendent and Members of the
Seminole County Board of Education

Report on Compliance for Each Major Federal Program

We have audited the Seminole County Board of Education (School District) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019. The School District's major federal programs are identified in the *Summary of Auditor's Results* section of the accompanying *Schedule of Findings and Questioned Costs*.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the School District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the School District's compliance.

Opinion on Each Major Federal Program

In our opinion, the School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

Report on Internal Control over Compliance

Management of the School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Respectfully submitted,

Greg S. Griffin
State Auditor

Finding Status:	Unresolved

The Financial Director is aware of the problem, and everything is in place to correct the issue. The GAORS website will be consulted prior to a transfer of funds between federal programs through a journal entry. This extra step by the Finance Director will prevent an excess of funds from a transfer. However, due to the length of time between financial closing and the audit, it cannot be fully resolved until the fall of 2020.

II FINANCIAL STATEMENT FINDINGS AND QUESTIONED COSTS

FS 2019-001:	<u>Controls over Financial Reporting Process</u>
Control Category:	Financial Reporting
Internal Control Impact:	Material Weakness
Compliance Impact:	None

Description:

The School District did not have adequate internal controls in place over the financial statement reporting process. The original financial statements, as presented for audit, contained material and significant errors.

Criteria:

Management is responsible for having adequate controls over the preparation of financial statements in accordance with generally accepted accounting principles (GAAP). The School District's internal control over GAAP financial reporting should include adequately trained personnel with the knowledge, skills and experience to prepare GAAP based financial statements and include all disclosures as required by the Governmental Accounting Standards Board (GASB).

GASB Statement No. 34, *Basic Financial Statements – Management's Discussion and Analysis – for State and Local Governments* (Statement), requires governments to present government-wide and fund financial statements as well as a summary reconciliation of the (a) total governmental fund balances to the net position of governmental activities in the Statement of Net Position, and (b) total change in governmental fund balances to the change in the net position of governmental activities in the Statement of Activities. In addition, the Statement requires information about the government's major and nonmajor funds in the aggregate, to be provided in the fund financial statements.

Chapter II Section 2, *Annual Financial Reporting of the Financial Management for Georgia Local Units of Administration* provides that School Districts must prepare their financial statements in accordance with generally accepted accounting principles.

Condition:

The following errors and omissions were noted in the School District's financial statements, note disclosures and supplementary information as presented for audit:

- A material audit adjustment in the amount of \$1,090,807.21 was proposed and accepted by the client to correct beginning net position, deferred outflows related to pensions and expense on the government-wide financial statements.
- Two significant reclassification entries totaling \$533,113.00 were proposed and accepted by the client to correct deferred outflows related to pensions, deferred outflows related to OPEB and deferred inflows related to OPEB on the government-side financial statements.
- A significant adjustment in the amount of \$38,874.00 was proposed and accepted by the client to correct contracts payable and expenditures on the capital projects fund financial statements.
- A review of the notes to the financial statements and collateralization documentation revealed the collateral note was not correctly disclosed.
- Numerous other audit adjustments and reclassification entries were proposed and accepted by management to properly present the School District's financial statements, notes to the financial statements and the schedules.

SEMINOLE COUNTY BOARD OF EDUCATION
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEAR ENDED JUNE 30, 2019

II FINANCIAL STATEMENT FINDINGS AND QUESTIONED COSTS

Cause:

In discussing this deficiency with the School District, they stated additional training was needed on recording pension and OPEB entries, as well as other financial reporting entries.

Effect or Potential Effect:

Material and significant misstatement and misclassifications were included in the financial statements presented for audit. The lack of controls and monitoring could impact the reporting of the School District's financial position and results of operation.

Recommendation:

The School District should strengthen their internal controls and preparation and review procedures over financial reporting to ensure that the financial statements, including disclosures, presented for audit are complete and accurate. These procedures should be performed by a properly trained individual possessing a thorough understanding of the applicable GAAP statements, GASB pronouncements, and knowledge of the School District's activities and operations. The School District should also consider the use of a review checklist in the review process over the financial statements.

III FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

No matters were reported.

SECTION V

MANAGEMENT'S CORRECTIVE ACTION

SEMINOLE COUNTY SCHOOLS

203 E. 6th Street • Donalsonville, Georgia 39845
Telephone: 229-524-2433 • FAX: 229-524-2212

Mark Earnest
Superintendent

September 16, 2020

Our corrective action plan is as follows:

CORRECTIVE ACTION PLANS - FINANCIAL STATEMENT FINDINGS

FS 2019-001:	<u>Financial Reporting Process</u>
Control Category:	Financial Reporting
Internal Control Impact:	Material Weakness
Compliance Impact:	None

The School District did not have adequate internal controls in place over the financial statement reporting process.

Corrective Action Plans:

We began restructuring the audit responsibilities and learning from the previous year's audit response to correctly enter the pension activity for FY 2017, FY 2018, and FY 2019. Ivey McLendon, HR Director, was assigned the pension portion of the audit. Both Ivey McLendon and Sherry Gray are seeking information and training to satisfy the new audit requirements. This restructuring marginally helped with the ability to properly present the District-Wide Statements.

However, there is too much time between the due date of the reports and the actual audit to offer sufficient training prior to repeating previous errors. Therefore, beginning in FY 2020, we have retained an external auditor to adequately present the FY 2020 District-Wide Statements.

This final component of our corrective action will begin in the fall of 2020. Upon closing FY 2020, we will forward information to Lorrie Stafford, CPA, and LLC at lalstafford@gmail.com, phone #229-886-7719. Her work came highly recommended. Sherry Gray will still be the contact person. This arrangement should correct any issues as both Sherry Gray and Ivey McLendon are both familiar with the process.

Estimated Completion Date: October 1, 2020.

Contact Person: Sherry Gray
Telephone: 229-524-2433; E-mail: sgray@seminole.k12.ga.us
