## INDEPENDENT AUDITOR'S REPORT

The Honorable Brian P. Kemp, Governor of Georgia  
Members of the General Assembly of the State of Georgia  
Members of the State Board of Education  
and  
Superintendent and Members of the  
Stewart County Board of Education

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Stewart County Board of Education (School District), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility*

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the School District as of June 30, 2020, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Other Matters***

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the School District's basic financial statements. The accompanying supplementary information, as listed in the table of contents, is presented for the purposes of additional analysis and is not a required part of the basic financial statements. The *Schedule of Expenditures of Federal Awards* is presented for purposes of additional analysis as required by Title 2 U. S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the basic financial statements.

The accompanying supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated June 25, 2021 on our consideration of the School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School District's internal control over financial reporting and compliance.

A copy of this report has been filed as a permanent record and made available to the press of the State, as provided for by Official Code of Georgia Annotated section 50-6-24.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Greg S. Griffin". The signature is written in a cursive style with a horizontal line at the end.

Greg S. Griffin  
State Auditor

June 25, 2021

STEWART COUNTY BOARD OF EDUCATION  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

**INTRODUCTION**

The discussion and analysis of the Stewart County Board of Education's (the School District) financial performance provides an overview of the School District's financial activities for the fiscal years ended June 30, 2020 and June 30, 2019. The intent of this discussion and analysis is to look at the School District's financial performance as a whole. Readers should also review the financial statements and the notes to the basic financial statements to enhance their understanding of the School District's financial performance.

**FINANCIAL HIGHLIGHTS**

Key financial highlights for the fiscal years 2020 and 2019 are as follows:

- The School District had \$9.1 million and \$8.7 million in expenses relating to governmental activities for the fiscal years ended June 30, 2020 and June 30, 2019, respectively. Only \$4.9 million and \$5.5 million of the above mentioned expenses for 2020 and 2019 were offset by program specific charges for services, grants and contributions. General revenues (primarily property and sales taxes) of \$3.5 million and \$3.4 million for 2020 and 2019, respectively, along with fund balance were adequate to provide for these programs.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

This annual report consists of three parts; management's discussion and analysis, the basic financial statements, and supplementary information. The basic financial statements include two levels of statements that present different views of the School District. These include the government-wide and fund financial statements.

The government-wide financial statements include the Statement of Net Position and Statement of Activities. These statements provide information about the activities of the School District presenting both short-term and long-term information about the overall financial status.

The fund financial statements focus on individual parts, reporting the School District's operation in more detail. The governmental funds statements disclose how basic services are financed in the short-term as well as what remains for future spending. The fiduciary funds statements provide information about the financial relationships in which the School District acts solely as a trustee or agent for the benefit of others.

The fund financial statements reflect the School District's most significant funds. For the years ending June 30, 2020 and 2019, the general fund, the capital projects fund, and the debt service fund represent the most significant funds.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the financial statements. Additionally, other supplementary information (not required) is also presented that further supplements understanding of the financial statements.

STEWART COUNTY BOARD OF EDUCATION  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

**Government-Wide Statements**

The government-wide statements report information about the School District as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes all of the School District's assets, deferred outflows, liabilities, and deferred inflows. All of the current fiscal year's revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid.

The two government-wide statements report the School District's net position and how it has changed. Net position, the difference between the School District's assets and deferred outflows of resources, and liabilities and deferred inflows of resources, is one way to measure the School District's overall financial health or position. Over time, increases or decreases in net position are an indication of whether its financial health is improving or deteriorating. Changes may be the result of many factors, including those not under the School District's control, such as the property tax base, facility conditions, required educational programs and other factors.

In the Statement of Net Position and the Statement of Activities, the School District has one distinct type of activity:

- **Governmental Activities** – All of the School District's programs and services are reported here including instruction, support services, operation and maintenance of plant, pupil transportation, food service, student activity accounts and various others.

**Fund Financial Statements**

The School District uses many funds or sub-funds to account for a multitude of financial transactions during the fiscal year. The fund financial statements presented in this report provide detail information about the School District's significant or major funds. As discussed previously, the District has no nonmajor Funds as defined by generally accepted accounting principles.

The District has two kinds of funds as discussed below:

Governmental Funds – Most of the School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using the modified accrual method of accounting, which measures cash and all other financial assets that can be readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The differences between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds are reconciled in the financial statements.

Fiduciary Funds – The School District is the trustee, or fiduciary, for assets that belong to clubs, organizations and others within the principals' accounts. The School District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. The School District excludes these activities from the government-wide financial statements because it cannot use these assets to finance its operations.

STEWART COUNTY BOARD OF EDUCATION  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

**FINANCIAL ANALYSIS OF THE SCHOOL DISTRICT AS A WHOLE**

Recall that the Statement of Net Position provides the perspective of the School District as a whole. Table 1 provides a summary of the School District's net position for fiscal years 2020 and 2019.

**Table 1  
Net Position**

STEWART COUNTY BOARD OF EDUCATION  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

Program revenues, in the form of charges for services, operating grants and contributions, and capital grants and contributions decreased by \$553 thousand for governmental activities. This decrease is largely due to operations being halted in March of 2019 due to the pandemic. Most of those grant funds will be carried over and added to the totals for fiscal year 2021.

General revenues increased by \$136 thousand during fiscal year 2020, due to increase in taxes and miscellaneous revenue.

**Governmental Activities**

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting these services. Table 3 shows, for governmental activities, the total cost of services and the net cost of services. Net cost of services can be defined as the total cost less fees generated by the activities and intergovernmental revenue provided for specific programs. The net cost reflects the financial burden on the School District's taxpayers by each activity as compared to the prior fiscal year.

**Table 3  
Cost of Services**

	Total Cost of Services		Net Cost of Services	
	Fiscal Year	Fiscal Year	Fiscal Year	Fiscal Year
	2020	2019	2020	2019

Interest on Long-Term Debt	113,353	116,844	113,353	116,844
<b>Total Expenses</b>	<b>\$ 9,110,761</b>	<b>\$ 8,689,892</b>	<b>\$ 4,163,008</b>	<b>\$ 3,189,165</b>

Expenses increased \$421 thousand from the prior year and the net costs of providing services increased \$974 thousand.

**FINANCIAL ANALYSIS OF THE SCHOOL DISTRICT'S FUNDS**

The School District's governmental funds are accounted for using the modified accrual basis of accounting. The governmental funds had total revenues and other financing sources of \$8.6 million and total expenses and other financing uses of almost \$9.2 million. There was a decrease in the fund balance totaling about \$600 thousand for the governmental funds as a whole.

STEWART COUNTY BOARD OF EDUCATION  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

**General Fund Budget Highlights**

The School District's budget is prepared according to Georgia Law. The most significant budgeted fund is the general fund, funded primarily through state revenue and local property tax revenue. During the course of fiscal years 2020 and 2019, the School District amended its general fund budget as needed.

During fiscal year 2020 the general fund had final actual revenues totaling \$8.1 million, which represented a decrease from the final budgeted amount of \$8.5 million by \$398 thousand. This difference was due to property tax revenue and federal funds received being lower than expected.

Final actual expenditures during fiscal year 2020 totaling \$8.6 million represented a decrease from the final budgeted amount of \$9.4 million by \$800 thousand. The decrease in actual expenditures versus final budget expenditures was due primarily to instruction, pupil services, improvement of Instructional Services, and student transportation expenditures being lower than expected.

**CAPITAL ASSETS AND LONG-TERM LIABILITIES**

**Capital Assets**

At the fiscal years ended June 30, 2020 and June 30, 2019, the School District had \$17.1 and \$17.2 million, respectively, invested in capital assets, net of accumulated depreciation. These assets are made up of a broad range of capital assets, including land; buildings; transportation, food service and maintenance equipment. Table 4 reflects a summary of these balances, by class, net of accumulated depreciation.

**Table 4**  
**Capital Assets at June 30**  
**(Net of Depreciation)**

	Governmental Activities	
	Fiscal Year	Fiscal Year
	2020	2019
Land	\$ 168,769	\$ 168,769
Land Improvements	305,081	20,307
Buildings and Improvements	16,114,381	16,494,146
Equipment	520,259	485,942
Total	\$ 17,108,490	\$ 17,169,164

Additional information about the School District's capital assets can be found in the Notes to the Basic Financial Statements.

STEWART COUNTY BOARD OF EDUCATION  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

**Long-Term Liabilities**

At June 30, 2020, the School District had \$4.2 million in total long-term liabilities which consisted of \$3.9 million in bond debt outstanding and \$283 thousand in unamortized premiums. Table 5 summarizes the School District's long-term liabilities as compared to the prior fiscal year.

**Table 5  
Change in Long Term Liabilities**

	Governmental Activities	
	Fiscal Year	Fiscal Year
	2020	2019
Bonds Payable	\$ 3,930,000	\$ 4,105,000
Unamortized Premiums	282,864	299,503
Total	\$ 4,212,864	\$ 4,404,503

**CURRENT ISSUES**

Approximately 76.4% of general fund expenses, the main operating fund for the School District, were related to salaries and employee benefits for the year ended June 30, 2020. More than a third of certified personnel in the School District have 23 years or more of experience resulting in salaries at the highest possible state pay level. With such personnel heavy expenses, it is difficult to offset mandated expense increases such as TRS and health insurance premium expenses. The School District consistently evaluates how funds can be spent smarter and more effectively to ensure that Stewart County students receive a quality education from effective personnel.

The School District remains vigilant at controlling costs, and maintained general fund expenditures comparable to fiscal year 2019. Year over year spending increases were attributable to state mandated increases for teacher salaries, increased Special Education costs, and increased health insurance costs due to the full implementation of the Affordable Care Act.

In December 2019, a strain of coronavirus (COVID-19) began to spread worldwide, resulting in a severe impact to the United States economy in March 2020. The spread of COVID-19 has had a negative impact on virtually all businesses and individuals which comprise the tax base of all levels of government. The extent of this impact is uncertain but is expected to have negative results on financial operations.

**CONTACTING THE SCHOOL DISTRICT'S FINANCIAL MANAGEMENT**

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Janet Walls at the Stewart County Board of Education, PO Box 547 Lumpkin, GA 31815. You may also email your questions to [jwalls@stewart.k12.ga.us](mailto:jwalls@stewart.k12.ga.us).

STEWART COUNTY BOARD OF EDUCATION  
 RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF  
 REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES  
 TO THE STATEMENT OF ACTIVITIES  
 JUNE 30, 2020

EXHIBIT "F"

Net change in fund balances total governmental funds (Exhibit "E") \$ (589,682.94)

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of capital assets is allocated over their estimated useful lives as depreciation expense.

Capital outlay	\$	434,156.25	
Depreciation expense		<u>(494,830.51)</u>	(60,674.26)

Taxes reported in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds. (29,512.40)

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts and the difference between the carrying value of refunded debt and the acquisition cost of refunded debt when debt is first issued. These amounts are deferred and amortized in the Statement of Activities.

Amortization of bond premium	\$	16,639.06	
Bond principal retirements		<u>175,000.00</u>	191,639.06

District pension contributions are reported as expenditures in the governmental funds when made. However, they are reported as deferred outflows of resources in the Statement of Net Position because the reported net pension/OPEB liability is measured a year before the District's report date. Pension/OPEB expense, which is the change in the net pension/OPEB liability adjusted for changes in deferred outflows and inflows of resources related to pensions/OPEB, is reported in the Statement of Activities.

Pension expense	\$	(313,638.06)	
OPEB expense		<u>146,114.00</u>	(167,524.06)

Some items reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Accrued interest on issuance of bonds			<u>1,458.33</u>

## NOTE 1: DESCRIPTION OF SCHOOL DISTRICT AND REPORTING ENTITY

### REPORTING ENTITY

The Stewart County Board of Education (School District) was established under the laws of the State of Georgia and operates under the guidance of a board elected by the voters and a Superintendent appointed by the Board. The School District is organized as a separate legal entity and has the power to levy taxes and issue bonds. Its budget is not subject to approval by any other entity. Accordingly, the School District is a primary government and consists of all the organizations that compose its legal entity.

## NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements of the School District have been prepared in conformity with generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB). GASB is the accepted standard-setting body for governmental accounting and financial reporting principles. The most significant of the School District's accounting policies are described below.

### BASIS OF PRESENTATION

The School District's basic financial statements are collectively comprised of the government-wide financial statements, fund financial statements and notes to the basic financial statements. The government-wide statements focus on the School District as a whole, while the fund financial statements focus on major funds. Each presentation provides valuable information that can be analyzed and compared between years and between governments to enhance the information's usefulness.

### GOVERNMENT-WIDE STATEMENTS:

The Statement of Net Position and the Statement of Activities display information about the financial activities of the overall School District, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions.

The Statement of Net Position presents the School District's non-fiduciary assets, deferred outflows of resources, deferred inflows of resources and liabilities, with the difference reported as net position. Net position is reported in three categories as follows:

1. **Net investment in capital assets** consists of the School District's total investment in capital assets, net of accumulated depreciation, and reduced by outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of net investment in capital assets.
2. **Restricted net position** consists of resources for which the School District is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties or imposed by law through constitutional provisions or enabling legislation.
3. **Unrestricted net position** consists of resources not meeting the definition of the two preceding categories. Unrestricted net position often has constraints on resources imposed by management which can be removed or modified.

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the School District's governmental activities.

Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expenses (expenses of the School District related to the administration and support of the School District's programs, such as office and maintenance personnel and accounting) are not allocated to programs.

Program revenues include (a) charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

### **FUND FINANCIAL STATEMENTS**

The fund financial statements provide information about the School District's funds, including fiduciary funds. Eliminations have been made to minimize the double counting of internal activities. Separate financial statements are presented for governmental and fiduciary funds. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column.

The School District reports the following major governmental funds:

- The general fund is the School District's primary operating fund. It accounts for and reports all financial resources not accounted for and reported in another fund.
- The capital projects fund accounts for and reports financial resources including Education Special Purpose Local Option Sales Tax (ESPLOST), and bond proceeds that are restricted, committed or assigned for capital outlay expenditures, including the acquisition or construction of capital facilities and other capital assets.
- The debt service fund accounts for and reports financial resources that are restricted, committed, or assigned including taxes (sales) legally restricted for the payment of general long-term principal and interest.

The School District reports the following fiduciary fund type:

- Agency funds are used to report resources held by the School District in a purely custodial capacity (assets equal liabilities) and do not involve measurement of results of operations.

### **BASIS OF ACCOUNTING**

The basis of accounting determines when transactions are reported on the financial statements. The government-wide and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the School District gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, sales taxes and grants. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from sales taxes is recognized in the fiscal year in which the underlying transaction (sale) takes place. Revenue from grants is recognized in the fiscal year in which all eligibility requirements have been satisfied.

The School District uses funds to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain governmental functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The School District considers all revenues reported in the governmental funds to be available if they are collected within sixty days after year-end. The School District considers all intergovernmental revenues to be available if they are collected within 120 days after year-end. Property taxes, sales taxes and interest are considered to be susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, which are recognized as expenditures to the extent they have matured. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term liabilities are reported as other financing sources.

The School District funds certain programs by a combination of specific cost-reimbursement grants, categorical grants, and general revenues. Thus, when program costs are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the School District's policy to first apply grant resources to such programs, followed by cost-reimbursement grants, then general revenues.

#### **NEW ACCOUNTING PRONOUNCEMENTS**

In fiscal year 2020, the School District adopted Governmental Accounting Standards Board (GASB) Statement No. 95, Postponement of the Effective Dates of Certain Authoritative Guidance. The primary objective of this statement is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. That objective is accomplished by postponing the effective dates of certain provisions in statements and Implementation Guides that first became effective or are scheduled to become effective for period beginning after June 15, 2018, and later.

#### **CASH AND CASH EQUIVALENTS**

Cash and cash equivalents consist of cash on hand, demand deposits, investments in the State of Georgia local government investment pool (Georgia Fund 1) and short-term investments with original maturities of three months or less from the date of acquisition in authorized financial institutions. Official Code of Georgia Annotated (O.C.G.A.) §45-8-14 authorizes the School District to deposit its funds in one or more solvent banks, insured Federal savings and loan associations or insured chartered building and loan associations.

#### **RECEIVABLES**

Receivables consist of amounts due from property and sales taxes, grant reimbursements due on Federal, State or other grants for expenditures made but not reimbursed and other receivables disclosed from information available. Receivables are recorded when either the asset or revenue recognition criteria has been met. Receivables recorded on the basic financial statements do not include any amounts which would necessitate the need for an allowance for uncollectible receivables.

#### **INVENTORIES**

##### **Food Inventories**

On the basic financial statements, inventories of donated food commodities used in the preparation of meals are reported at their Federally assigned value and purchased foods inventories are reported at cost (calculated on the first-in, first-out basis). The School District uses the consumption method to account for inventories whereby donated food commodities are recorded as an asset and as revenue when received, and expenses/expenditures are recorded as the inventory items are used. Purchased foods are recorded as an asset when purchased and expenses/expenditures are recorded as the inventory items are used.

#### **CAPITAL ASSETS**

On the government-wide financial statements, capital assets are recorded at cost where historical records are available and at estimated historical cost based on appraisals or deflated current replacement cost where no historical records exist. Donated capital assets are recorded at the acquisition value on the date donated. The cost of normal maintenance and repairs that do not add to the value of assets or materially extend the useful lives of the assets is not capitalized. The School District does not capitalize book collections or works of art.

Capital acquisition and construction are recorded as expenditures in the governmental fund financial statements at the time of purchase (including ancillary charges), and the related assets are reported as capital assets in the governmental activities' column in the government-wide financial statements.

Depreciation is computed using the straight-line for all assets, except land, and is used to allocate the actual or estimated historical cost of capital assets over estimated useful lives.

Capitalization thresholds and estimated useful lives of capital assets reported in the government-wide statements are as follows:

	Capitalization Policy	Estimated Useful Life
Land	All	N/A
Land Improvements	\$ 5,000.00	15 to 80 years
Buildings and Improvements	\$ 5,000.00	25 to 80 years
Equipment	\$ 5,000.00	5 to 30 years
Intangible Assets	\$ 100,000.00	Individually determined

**DEFERRED OUTFLOWS/INFLOWS OF RESOURCES**

In addition to assets, the statement of financial position will report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of resources that applies to a future period(s) and therefore will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of resources that applies to a future period(s) and therefore will not be recognized as an inflow of resources (revenue) until that time.

**LONG-TERM LIABILITIES AND BOND DISCOUNTS/PREMIUMS**

In the School District’s government-wide financial statements, outstanding debt is reported as liabilities. Bond premiums and discounts and the difference between the reacquisition price and the net carrying value of refunded debt are deferred and amortized over the life of the bonds using the straight line method. To conform to generally accepted accounting principles, bond premiums and discounts should be amortized using the effective interest method. The effect of this deviation is deemed to be immaterial to the fair presentation of the basic financial statements. Bond issuance costs are recognized as an outflow of resources in the fiscal year in which the bonds are issued.

In the governmental fund financial statements, the School District recognizes the proceeds of debt and premiums as other financing sources of the current period. Bond issuance costs are reported as debt service expenditures.

**PENSIONS**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the pension plan’s fiduciary net position and additions to/deductions from the plan’s fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)**

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Georgia School Employees Postemployment Benefit Fund (School OPEB Fund) and additions to/deductions from School OPEB Fund fiduciary net position have been determined on the same basis as they are reported by School OPEB Fund. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

## FUND BALANCES

Fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

The School District's fund balances are classified as follows:

**Nonspendable** consists of resources that cannot be spent either because they are in a nonspendable form or because they are legally or contractually required to be maintained intact.

**Restricted** consists of resources that can be used only for specific purposes pursuant constraints either (1) externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or (2) imposed by law through constitutional provisions or enabling legislation.

**Committed** consists of resources that can be used only for specific purposes pursuant to constraints imposed by formal action of the Board. The Board is the School District's highest level of decision-making authority, and the formal action that is required to be taken to establish, modify, or rescind a fund balance commitment is a resolution approved by the Board. Committed fund balance also should incorporate contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

**Assigned** consists of resources constrained by the School District's intent to be used for specific purposes but are neither restricted nor committed. The intent should be expressed by (1) the Board or (2) the budget or finance committee, or the Superintendent, or designee, to assign amounts to be used for specific purposes.

**Unassigned** consists of resources within the general fund not meeting the definition of any aforementioned category. The general fund should be the only fund that reports a positive unassigned fund balance amount. In other governmental funds, it may be necessary to report a negative unassigned fund balance.

## USE OF ESTIMATES

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

## PROPERTY TAXES

The Stewart County Board of Commissioner adopted the property tax levy for the 2019 tax digest year (calendar year) on August 23, 2019 (levy date) based on property values as of January 1, 2019. Taxes were due on December 20, 2019 (lien date). Taxes collected within the current fiscal year or within 60 days after year-end on the 2019 tax digest are reported as revenue in the governmental funds for fiscal year 2020. The Stewart County Board of Commissioner Board of Commissioners bills and collects the property taxes for the School District, withholds 2.5% of taxes collected as a fee for tax collection and remits the balance of taxes collected to the School District. Property tax revenues, at the fund reporting level, during the fiscal year ended June 30, 2020, for maintenance and operations amounted to \$2,883,259.20.

The tax millage rates levied for the 2019 tax year (calendar year) for the School District were as follows (a mill equals \$1 per thousand dollars of assessed value):

School Operations	<u>15.051</u> mills
-------------------	---------------------

Additionally, Title Ad Valorem Tax revenues, at the fund reporting level, amounted to \$160,625.28 during fiscal year ended June 30, 2020.

## SALES TAXES

Education Special Purpose Local Option Sales Tax (ESPLOST), at the fund reporting level, during the year amounted to \$335,426.56 and is to be used for capital outlay for educational purposes or debt service. This sales tax was authorized by local referendum and the sales tax must be re-authorized at least every five years.

### NOTE 3: BUDGETARY DATA

The budget is a complete financial plan for the School District's fiscal year and is based upon careful estimates of expenditures together with probable funding sources. The budget is legally adopted each year for the general fund. There is no statutory prohibition regarding over expenditure of the budget at any level. The budget for all governmental funds, except the various school activity (principal) accounts, is prepared and adopted by fund, function and object. The legal level of budgetary control was established by the Board at the aggregate fund level. The budget for the general fund was prepared in accordance with accounting principles generally accepted in the United States of America.

The budgetary process begins with the School District's administration presenting an initial budget for the Board's review. The administration makes revisions as necessary based on the Board's guidelines, and a tentative budget is approved. After approval of this tentative budget by the Board, such budget is advertised at least once in a newspaper of general circulation in the locality, as well as the School District's website. At the next regularly scheduled meeting of the Board after advertisement, the Board receives comments on the tentative budget, makes revisions as necessary and adopts a final budget. The approved budget is then submitted, in accordance with provisions of O.C.G.A. §20-2-167(c), to the Georgia Department of Education. The Board may increase or decrease the budget at any time during the year. All unexpended budget authority lapses at fiscal year-end.

The Superintendent is authorized by the Board to approve adjustments of no more than 5% of the amount budgeted for expenditures in any budget function for any fund. The Superintendent shall report any such adjustments to the Board. If expenditure of funds in any budget function for any fund is anticipated to be more than 5% of the budgeted amount, the Superintendent shall request Board approval for the budget amendment. Any position or expenditure not previously approved in the annual budget that exceeds \$2,000.00 shall require Board approval unless the Superintendent deems the position or purchase an emergency. In such case, the expenditure shall be reported to the Board at its regularly scheduled meeting. Under no circumstance is the Superintendent or other staff person authorized to spend funds that exceed the total budget without approval by the Board.

See the General Fund Schedule of Revenues, Expenditures and Changes in Fund Balances – Budget to Actual in the Supplementary Information Section for a detail of any over/under expenditures during the fiscal year under review.

### NOTE 4: DEPOSITS, CASH EQUIVALENTS AND INVESTMENTS

#### COLLATERALIZATION OF DEPOSITS

O.C.G.A. § 45-8-12 provides that there shall not be on deposit at any time in any depository for a time longer than ten days a sum of money which has not been secured by surety bond, by guarantee of insurance, or by collateral. The aggregate of the face value of such surety bond and the market value of securities pledged shall be equal to not less than 110% of the public funds being secured after the deduction of the amount of deposit insurance. If a depository elects the pooled method (O.C.G.A. § 45-8-13.1) the aggregate of the market value of the securities pledged to secure a pool of public funds shall be not less than 110% of the daily pool balance.

Acceptable security for deposits consists of any one of or any combination of the following:

- (1) Surety bond signed by a surety company duly qualified and authorized to transact business within the State of Georgia,
- (2) Insurance on accounts provided by the Federal Deposit Insurance Corporation,

STEWART COUNTY BOARD OF EDUCATION  
 NOTES TO THE BASIC FINANCIAL STATEMENTS  
 JUNE 30, 2020

EXHIBIT "H"

- (3) Bonds, bills, notes, certificates of indebtedness or other direct obligations of the United States or of the State of Georgia,
- (4) Bonds, bills, notes, certificates of indebtedness or other obligations of the counties or municipalities of the State of Georgia,
- (5) Bonds of any public authority created by the laws of the State of Georgia, providing that the statute that created the authority authorized the use of the bonds for this purpose,
- (6) Industrial revenue bonds and bonds of development authorities created by the laws of the State of Georgia, and
- (7) Bonds, bills, notes, certificates of indebtedness, or other obligations of a subsidiary corporation of the United States government, which are fully guaranteed by the United States government both as to principal and interest or debt obligations issued by or securities guaranteed by the Federal Land Bank, the Federal Home Loan Bank, the Federal Intermediate Credit Bank, the Central Bank for Cooperatives, the Farm Credit Banks, the Federal Home Loan Mortgage Association, and the Federal National Mortgage Association.

**CATEGORIZATION OF DEPOSITS**

Custodial credit risk is the risk that in the event of a bank failure, the School District's deposits may not be returned to it. The School District does not have a deposit policy for custodial credit risk. At June 30, 2020, the School District had deposits with a carrying amount of \$1,800,072.00, and a bank balance of \$2,074,174.29. The bank balances insured by Federal depository insurance were \$250,000.00 and the bank balances collateralized with securities held by the pledging financial institution's trust department or agent in the School District's name were \$1,824,174.29.

Reconciliation of cash and cash equivalents balances to carrying value of deposits:

Cash and cash equivalents	
Statement of Net Position	\$ 2,070,806.33
Statement of Fiduciary Net Position	<u>4,078.11</u>
 Total cash and cash equivalents	 2,074,884.44
 Less:	
Cash on hand	80.00
Investment pools reported as cash and cash equivalents	
Georgia Fund 1	<u>274,732.44</u>
 Total carrying value of deposits - June 30, 2020	 \$ <u><u>1,800,072.00</u></u>

**CATEGORIZATION OF CASH EQUIVALENTS**

The School District reported cash equivalents of \$274,732.44 in Georgia Fund 1, a local government investment pool, which is included in the cash balances above. Georgia Fund 1 is not registered with the SEC as an investment company and does not operate in a manner consistent with the SEC's Rule 2a-7 of the Investment Company Act of 1940. The investment is valued at the pool's share price, \$1.00 per share, which approximates fair value. The pool is an AAf rated investment pool by Standard and Poor's. The weighted average maturity of Georgia Fund 1 may not exceed 60 days. The weighted average maturity for Georgia Fund 1 on June 30, 2020, was 38 days.

STEWART COUNTY BOARD OF EDUCATION  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
JUNE 30, 2020

EXHIBIT "H"

Georgia Fund 1, administered by the State of Georgia, Office of the State Treasurer, is not required to be categorized since the School District did not own any specific identifiable securities in the pool. The investment policy of the State of Georgia, Office of the State Treasurer for the Georgia Fund 1, does not provide for investment in derivatives or similar investments. Additional information on the Georgia Fund 1 is disclosed in the State of Georgia Comprehensive Annual Financial Report which is publicly available at <https://sao.georgia.gov/comprehensive-annual-financial-reports>.

**NOTE 5: CAPITAL ASSETS**

The following is a summary of changes in the capital assets for governmental activities during the fiscal year:

	Balances July 1, 2019	Increases	Decreases	Balances June 30, 2020
Governmental Activities				
Capital Assets, Not Being Depreciated:				
Land	\$ 168,769.24	\$ -	\$ -	\$ 168,769.24
Capital Assets Being Depreciated				
Buildings and Improvements	22,952,939.78	-	-	22,952,939.78
Equipment	2,409,564.96	127,282.78	143,704.00	2,393,143.74
Land Improvements	495,748.65	306,873.47	-	802,622.12
Less Accumulated Depreciation for:				
Buildings and Improvements	6,458,794.15	379,764.68	-	6,838,558.83
Equipment	1,923,622.49	92,966.51	143,704.00	1,872,885.00
Land Improvements	475,441.65	22,099.32	-	497,540.97
Total Capital Assets, Being Depreciated, Net	17,000,395.10	(60,674.26)	-	16,939,720.84
Governmental Activities Capital Assets - Net	\$ 17,169,164.34	\$ (60,674.26)	\$ -	\$ 17,108,490.08

Current year depreciation expense by function is as follows:

Instruction		\$ 302,800.35
Support Services		
Educational Media Services	\$ 18,586.68	
School Administration	10,169.85	
Business Administration	2,407.04	
Maintenance and Operation of Plant	35,591.79	
Student Transportation Services	73,906.75	140,662.11
Food Services		51,368.05
		\$ 494,830.51

STEWART COUNTY BOARD OF EDUCATION  
 NOTES TO THE BASIC FINANCIAL STATEMENTS

EXHIBIT "H"

**NOTE 6: INTERFUND TRANSFERS**

**INTERFUND TRANSFERS**

Interfund transfers for the year ended June 30, 201920, consisted of the following:

Transfers to	Transfers From General Fund
Capital Projects Fund	\$ <u>165,420.98</u>

Transfers are used to move property tax revenues collected by the general fund to the capital projects fund as supplemental funding source for capital construction projects.

**NOTE 7: LONG-TERM LIABILITIES**

The changes in long-term liabilities during the fiscal year for governmental activities were as follows:

	Governmental Activities				
	Balance July 1, 2019	Additions	Deductions	Balance June 30, 2020	Due Within One Year
General Obligation (G.O.) Bonds	\$ 4,105,000.00	\$ -	\$ 175,000.00	\$ 3,930,000.00	\$ 175,000.00
Unamortized Bond Premiums	<u>299,502.98</u>	<u>-</u>	<u>16,639.06</u>	<u>282,863.92</u>	<u>16,639.06</u>
	<u>\$ 4,404,502.98</u>	<u>\$ -</u>	<u>\$ 191,639.06</u>	<u>\$ 4,212,863.92</u>	<u>\$ 191,639.06</u>

**GENERAL OBLIGATION DEBT OUTSTANDING**

The School District's bonded debt consists of various issues of general obligation bonds that are generally noncallable with interest payable semiannually Bond proceeds primarily pay for acquiring or constructing capital facilities. The School District repays general obligation bonds from voter-approved sales taxes. General obligation bonds are direct obligations and pledge the full faith and credit of the School District.

The School District's outstanding general obligation bonds related to governmental activities of \$3,930,000.00 contain a provision that in the event of a nonpayment, the State Board is authorized to and must withhold from any state appropriations to which the School District may be entitled and apply so much thereof as shall be necessary to the payment of the principal of and interest on such indebtedness then due.

Of the total amount originally authorized, \$120,000.00 remains unissued. General obligation bonds currently outstanding are as follows:

Description	Interest Rates	Issue Date	Maturity Date	Amount Issued	Amount Outstanding
General Government - Series 2016	2.0% - 3.5%	6/23/2016	8/1/2036	\$ <u>4,380,000.00</u>	\$ <u>3,930,000.00</u>

EXHIBIT "H"

The following schedule details debt service requirements to maturity for the School District's total general obligation bonds payable:

Fiscal Year Ended June 30:	General Obligation Debt		Unamortized Bond Premium
	Principal	Interest	
2021	\$ 175,000.00	\$ 127,075.00	\$ 16,639.06
2022	180,000.00	121,750.00	16,639.06
2023	185,000.00	116,275.00	16,639.06
2024	190,000.00	110,650.00	16,639.06
2025	200,000.00	104,800.00	16,639.06
2026 - 2030	1,100,000.00	426,075.00	83,195.28
2031 - 2035	1,310,000.00	220,850.00	83,195.28
2036 - 2037	590,000.00	20,825.00	33,278.06
Total Principal and Interest	\$ 3,930,000.00	\$ 1,248,300.00	\$ 282,863.92

**NOTE 8: RISK MANAGEMENT**

**INSURANCE**

**Commercial Insurance**

The School District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors or omissions; job related illness or injuries to employees; and natural disasters. Except as described below, the School District carries commercial insurance for these risks. Settled claims resulting from these insured risks have not exceed commercial insurance coverage in any of the past three fiscal years.

**UNEMPLOYMENT COMPENSATION**

The School District is self-insured with regard to unemployment compensation claims. The School District accounts for claims within the general fund with expenses/expenditures and liability being reported when it is probable that a loss has occurred, and the amount of that loss can be reasonably estimated.

Changes in the unemployment compensation claims liability during the last two fiscal years are as follows:

	Beginning of Year Liability	Claims and Changes in Estimates	Claims Paid	End of Year Liability
2019	\$ -	\$ 5,306.97	\$ 5,306.97	\$ -
2020	\$ -	\$ 1,146.93	\$ 1,146.93	\$ -

**SURETY BOND**

The School District purchased surety bonds to provide additional insurance coverage as follows:

Position Covered	Amount
Superintendent	\$ 50,000.00

STEWART COUNTY BOARD OF EDUCATION  
 NOTES TO THE BASIC FINANCIAL STATEMENTS  
 JUNE 30, 2020

EXHIBIT "H"

**NOTE 9: FUND BALANCE CLASSIFICATION DETAILS**

The School District's financial statements include the following amounts presented in the aggregate at June 30, 2020:

Nonspendable					
Inventories			\$	18,118.23	
Restricted					
Continuation of Federal Programs	\$	73,776.83			
Capital Projects		344,719.05			
Debt Service		239,850.00		658,345.88	
Assigned					
School Activity Accounts				22,951.93	
Unassigned				1,111,848.94	
Fund Balance, June 30, 2020			\$	1,811,264.98	

When multiple categories of fund balance are available for expenditure, the School District will start with the most restricted category and spend those funds first before moving down to the next category with available funds.

It is the goal of the School District to achieve and maintain a committed, assigned, and unassigned fund balance in the general fund at fiscal year-end of not less than 15% of expenditures, not to exceed 15% of the total budget of the subsequent fiscal year, in compliance with O.C.G.A. § 20-2-167(a)5. If the unassigned fund balance at fiscal year-end falls below the goal, the School District shall develop a restoration plan to achieve and maintain the minimum fund balance.

**NOTE 10: SIGNIFICANT COMMITMENTS**

**OPERATING LEASES**

The School District leases copiers under the provisions of one or more long-term lease agreements classified as operating leases for accounting purposes. Rental expenditures under the terms of the operating leases(s) totaled \$15,264.96 for governmental activities for the year ended June 30, 2020.

The following future minimum lease payments were required under operating leases at June 30, 2020:

Year Ending	Governmental Funds
2021	\$ 15,264.96
2022	792.68
Total	\$ 16,057.64

**NOTE 11: SIGNIFICANT CONTINGENT LIABILITIES**

**FEDERAL GRANTS**

Amounts received or receivable principally from the Federal government are subject to audit and review by grantor agencies. This could result in requests for reimbursement to the grantor agency for any costs which are disallowed under grant terms. Any disallowances resulting from the grantor audit may become a liability of the School District. However, the School District believes that such disallowances, if any, will be immaterial to its overall financial position.

## LITIGATION

The School District is a defendant in various legal proceedings pertaining to matters incidental to the performance of routine School District operations. The ultimate disposition of these proceedings is not presently determinable but is not believed to have a material adverse effect on the financial condition of the School District.

### **NOTE 12: OTHER POST-EMPLOYMENT BENEFITS (OPEB)**

#### **GEORGIA SCHOOL PERSONNEL POST-EMPLOYMENT HEALTH BENEFIT FUND**

**Plan Description:** Certified teachers and non-certified public school employees of the School District as defined in §20-2-875 of the *Official Code of Georgia Annotated* (O.C.G.A.) are provided OPEB through the School OPEB Fund - a cost-sharing multiple-employer defined benefit postemployment healthcare plan, reported as an employee trust fund and administered by a Board of Community Health (Board). Title 20 of the O.C.G.A. assigns the authority to establish and amend the benefit terms of the group health plan to the Board.

**Benefits Provided:** The School OPEB Fund provides healthcare benefits for retirees and their dependents due under the group health plan for public school teachers, including librarians, other certified employees of public schools, regional educational service agencies and non-certified public school employees. Retiree medical eligibility is attained when an employee retires and is immediately eligible to draw a retirement annuity from Employees' Retirement System (ERS), Georgia Judicial Retirement System (JRS), Legislative Retirement System (LRS), Teachers Retirement System (TRS) or Public School Employees Retirement System (PSERS). If elected, dependent coverage starts on the same day as retiree coverage. Medicare-eligible retirees are offered Standard and Premium Medicare Advantage plan options. Non-Medicare eligible retiree plan options include Health Reimbursement Arrangement (HRA), Health Maintenance Organization (HMO) and a High Deductible Health Plan (HDHP). The School OPEB Fund also pays for administrative expenses of the fund. By law, no other use of the assets of the School OPEB Fund is permitted.

**Contributions:** As established by the Board, the School OPEB Fund is substantially funded on a pay-as-you-go basis; that is, annual cost of providing benefits will be financed in the same year as claims occur. Contributions to the School OPEB Fund from the School District were \$129,554.00 for the year ended June 30, 2020. Active employees are not required to contribute to the School OPEB Fund.

#### ***OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB***

At June 30, 2020, the School District reported a liability of \$4,559,961.00 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2019. The total OPEB liability used to calculate the net OPEB liability was based on an actuarial valuation as of June 30, 2018. An expected total OPEB liability as of June 30, 2019 was determined using standard roll-forward techniques. The School District's proportion of the net OPEB liability was actuarially determined based on employer contributions during the fiscal year ended June 30, 2019. At June 30, 2019, the School District's proportion was 0.037157%, which was a decrease of 0.001882% from its proportion measured as of June 30, 2018.

STEWART COUNTY BOARD OF EDUCATION  
 NOTES TO THE BASIC FINANCIAL STATEMENTS  
 JUNE 30, 2020

EXHIBIT "H"

For the year ended June 30, 2020, the School District recognized OPEB expense of (\$16,560.00). At June 30, 2020, the School District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	OPEB	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 496,077.00
Changes of assumptions	158,358.00	642,810.00
Net difference between projected and actual earnings on OPEB plan investments	9,931.00	-
Changes in proportion and differences between School District contributions and proportionate share of contributions	28,391.00	637,991.00
School District contributions subsequent to the measurement date	129,554.00	-
Total	\$ 326,234.00	\$ 1,776,878.00

School District contributions subsequent to the measurement date are reported as deferred outflows of resources and will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ended June 30:	OPEB
2021	\$ (342,848.00)
2022	\$ (342,848.00)
2023	\$ (343,230.00)
2024	\$ (316,591.00)
2025	\$ (191,725.00)
Thereafter	\$ (42,956.00)

**Actuarial assumptions:** The total OPEB liability as of June 30, 2019 was determined by an actuarial valuation as of June 30, 2018 using the following actuarial assumptions and other inputs, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2019:

**OPEB:**

Inflation	2.75%
Salary increases	3.00% - 8.75%, including inflation
Long-term expected rate of return	7.30%, compounded annually, net of investment expense, and including inflation
Healthcare cost trend rate	
Pre-Medicare Eligible	7.250%
Medicare Eligible	5.375%
Ultimate trend rate	
Pre-Medicare Eligible	4.75%
Medicare Eligible	4.75%
Year of Ultimate trend rate	
Pre-Medicare Eligible	2028
Medicare Eligible	2022

Mortality rates were based on the RP-2000 Combined Mortality Table for Males or Females, as appropriate, with adjustments for mortality improvements based on Scale BB as follows:

- For TRS members: The RP-2000 White Collar Mortality Table projected to 2025 with projection scale BB (set forward 1 year for males) is used for death after service retirement and beneficiaries. The RP-2000 Disabled Mortality Table projected to 2025 with projection scale BB (set forward two years for males and four years for females) is used for death after disability retirement.
- For PSERS members: The RP-2000 Blue-Collar Mortality Table projected to 2025 with projection scale BB (set forward 3 years for males and 2 years for females) is used for the period after service retirement and for beneficiaries of deceased members. The RP-2000 Disabled Mortality Table projected to 2025 with projection scale BB (set forward 5 years for both males and females) is used for the period after disability retirement.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the pension systems, which covered the five-year period ending June 30, 2014, and adopted by the pension Board on December 17, 2015. The next experience study for TRS will be for the period ending June 30, 2018.

The remaining actuarial assumptions (e.g., initial per capita costs, health care cost trends, rate of plan participation, rates of plan election, etc.) used in the June 30, 2018 valuation were based on a review of recent plan experience done concurrently with the June 30, 2018 valuation.

Projection of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculation.

STEWART COUNTY BOARD OF EDUCATION  
 NOTES TO THE BASIC FINANCIAL STATEMENTS  
 JUNE 30, 2020

EXHIBIT "H"

The long-term expected rate of return on OPEB plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected nominal returns, net of investment expense and the assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. During fiscal year 2018, the School OPEB fund updated their investment strategy to a more long-term approach. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset class	Target allocation	Long-Term Expected Real Rate of Return*
Fixed income	30.00%	(0.10)%
Domestic Stocks – Large Cap	46.20%	8.90%
Domestic Stocks – Small Cap	1.30%	13.20%
Int'l Stocks - Developed Mkt	12.40%	8.90%
Int'l Stocks - Emerging Mkt	5.10%	10.90%
Alternatives	5.00%	12.00%
Total	100.00%	

\*Net of Inflation

**Discount rate:** The discount rate has changed since the prior measurement date from 3.87% to 3.58%. In order to measure the total OPEB liability for the School OPEB Fund, a single equivalent interest rate of 3.58% was used as the discount rate. This is comprised mainly of the yield or index rate for 20-year tax-exempt general obligation municipal bonds with an average rating of AA or higher (3.50% per the Bond Buyers Index). The projection of cash flows used to determine the discount rate assumed that contributions from members and from the employer will be made at the current level as averaged over the last five years, adjusted for annual projected changes in headcount. Projected future benefit payments for all current plan members were projected through 2119. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make OPEB payments for inactive employees through year 2026. Therefore, the calculated discount rate of 3.58% was applied to all periods of projected benefit payments to determine the total OPEB liability.

**Sensitivity of the School District's proportionate share of the net OPEB liability to changes in the discount rate:** The following presents the School District's proportionate share of the net OPEB liability calculated using the discount rate of 3.58%, as well as what the School District's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.58%) or 1 percentage-point higher (4.58%) than the current discount rate:

	1% Decrease (2.58%)	Current Discount Rate (3.58%)	1% Increase (4.58%)
School District's proportionate share of Net OPEB Liability	\$ 5,300,180.00	\$ 4,559,961.00	\$ 3,957,826.00

**Sensitivity of the School District's proportionate share of the net OPEB liability to changes in the healthcare cost trend rates:** The following presents the School District's proportionate share of the net OPEB liability, as well as what the School District's proportionate share of the net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	1% Decrease		Current Healthcare Cost Trend Rate	1% Increase
School District's proportionate share of Net OPEB Liability	\$ 3,841,284.00	\$	4,559,961.00	\$ 5,472,735.00

**OPEB plan fiduciary net position:** Detailed information about the OPEB plan's fiduciary net position is available in the Comprehensive Annual Financial Report which is publicly available at <https://sao.georgia.gov/comprehensive-annual-financial-reports>.

**NOTE 13: RETIREMENT PLANS**

The School District participates in various retirement plans administered by the State of Georgia, as further explained below.

**TEACHERS RETIREMENT SYSTEM OF GEORGIA (TRS)**

**Plan Description:** All teachers of the School District as defined in O.C.G.A §47-3-60 and certain other support personnel as defined by §47-3-63 are provided a pension through the Teachers Retirement System of Georgia (TRS). TRS, a cost-sharing multiple-employer defined benefit pension plan, is administered by the TRS Board of Trustees (TRS Board). Title 47 of the O.C.G.A. assigns the authority to establish and amend the benefit provisions to the State Legislature. The Teachers Retirement System of Georgia issues a publicly available separate financial report that can be obtained at [www.trsga.com/publications](http://www.trsga.com/publications).

**Benefits Provided:** TRS provides service retirement, disability retirement, and death benefits. Normal retirement benefits are determined as 2% of the average of the employee's two highest paid consecutive years of service, multiplied by the number of years of creditable service up to 40 years. An employee is eligible for normal service retirement after 30 years of creditable service, regardless of age, or after 10 years of service and attainment of age 60. Ten years of service is required for disability and death benefits eligibility. Disability benefits are based on the employee's creditable service and compensation up to the time of disability. Death benefits equal the amount that would be payable to the employee's beneficiary had the employee retired on the date of death. Death benefits are based on the employee's creditable service and compensation up to the date of death.

**Contributions:** Per Title 47 of the O.C.G.A., contribution requirements of active employees and participating employers, as actuarially determined, are established and may be amended by the TRS Board. Contributions are expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Employees were required to contribute 6.00% of their annual pay during fiscal year 2020. The School District's contractually required contribution rate for the year ended June 30, 2020 was 21.14% of annual School District payroll, of which 21.14% of payroll was required from the School District. For the current fiscal year, employer contributions to the pension plan were \$839,631.61 from the School District.

**PUBLIC SCHOOL EMPLOYEES RETIREMENT SYSTEM (PSERS)**

**Plan description:** PSERS is a cost-sharing multiple-employer defined benefit pension plan established by the Georgia General Assembly in 1969 for the purpose of providing retirement allowances for public school employees who are not eligible for membership in the Teachers Retirement System of Georgia. The ERS Board of Trustees, plus two additional trustees, administers PSERS. Title 47 of the O.C.G.A. assigns the authority to establish and amend the benefit provisions to the State Legislature. PSERS issues a publicly available financial report that can be obtained at [www.ers.ga.gov/financials](http://www.ers.ga.gov/financials).

**Benefits provided:** A member may retire and elect to receive normal monthly retirement benefits after completion of ten years of creditable service and attainment of age 65. A member may choose to receive reduced benefits after age 60 and upon completion of ten years of service.

Upon retirement, the member will receive a monthly benefit of \$15.25, multiplied by the number of years of creditable service. Death and disability benefits are also available through PSERS. Additionally, PSERS may make periodic cost-of-living adjustments to the monthly benefits. Upon termination of employment, member contributions with accumulated interest are refundable upon request by the member. However, if an otherwise vested member terminates and withdraws his/her member contribution, the member forfeits all rights to retirement benefits.

**Contributions:** The general assembly makes an annual appropriation to cover the employer contribution to PSERS on behalf of local school employees (bus drivers, cafeteria workers, and maintenance staff). The annual employer contribution required by statute is actuarially determined and paid directly to PSERS by the State Treasurer in accordance with O.C.G.A. §47-4-29(a) and 60(b). Contributions are expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Individuals who became members prior to July 1, 2012 contribute \$4 per month for nine months each fiscal year. Individuals who became members on or after July 1, 2012 contribute \$10 per month for nine months each fiscal year. The State of Georgia, although not the employer of PSERS members, is required by statute to make employer contributions actuarially determined and approved and certified by the PSERS Board of Trustees. The current fiscal year contribution was \$16,501.00.

***Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions***

At June 30, 2020, the School District reported a liability of \$6,728,626.00 for its proportionate share of the net pension liability for TRS.

The net pension liability for TRS and ERS was measured as of June 30, 2019. The total pension liability used to calculate the net pension liability was based on an actuarial valuation as of June 30, 2018. An expected total pension liability as of June 30, 2019 was determined using standard roll-forward techniques. The School District's proportion of the net pension liability was based on contributions to TRS during the fiscal year ended June 30, 2019.

At June 30, 2019, the School District's TRS proportion was 0.031292%, which was an increase of 0.001332% from its proportion measured as of June 30, 2018.

At June 30, 2020, the School District did not have a PSERS liability for a proportionate share of the net pension liability because of a Special Funding Situation with the State of Georgia, which is responsible for the net pension liability of the plan. The amount of the State's proportionate share of the net pension liability associated with the School District is \$66,808.00.

The PSERS net pension liability was measured as of June 30, 2019. The total pension liability used to calculate the net pension liability was based on an actuarial valuation as of June 30, 2018. An expected total pension liability as of June 30, 2019 was determined using standard roll-forward techniques. The State's proportion of the net pension liability associated with the School District was based on actuarially determined contributions paid by the State during the fiscal year ended June 30, 2019.

For the year ended June 30, 2020, the School District recognized pension expense of \$1,153,270.14 for TRS and \$20,603.00 for PSERS and revenue of \$20,603.00 for PSERS. The revenue is support provided by the State of Georgia.

STEWART COUNTY BOARD OF EDUCATION  
 NOTES TO THE BASIC FINANCIAL STATEMENTS  
 JUNE 30, 2020

EXHIBIT "H"

At June 30, 2020, the School District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	TRS	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 379,260.00	\$ 1,995.00
Changes of assumptions	645,699.00	-
Net difference between projected and actual earnings on pension plan investments	-	160,229.00
Changes in proportion and differences between School District contributions and proportionate share of contributions	220,333.00	116,374.00
School District contributions subsequent to the measurement date	839,631.61	-
<b>Total</b>	<b>\$ 2,084,923.61</b>	<b>\$ 278,598.00</b>

The School District contributions subsequent to the measurement date are reported as deferred outflows of resources and will be recognized as a reduction of the net pension liability in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30:	TRS
2021	\$ 391,938.00
2022	\$ 64,016.00
2023	\$ 243,903.00
2024	\$ 266,837.00

**Actuarial assumptions:** The total pension liability as of June 30, 2019 was determined by an actuarial valuation as of June 30, 2018, using the following actuarial assumptions, applied to all periods included in the measurement:

**Teachers Retirement System:**

Inflation	2.50%
Salary increases	3.00% – 8.75%, average, including inflation
Investment rate of return	7.25%, net of pension plan investment expense, including inflation
Post-retirement benefit increases	1.50% semi-annually

STEWART COUNTY BOARD OF EDUCATION  
 NOTES TO THE BASIC FINANCIAL STATEMENTS  
 JUNE 30, 2020

EXHIBIT "H"

Post-retirement mortality rates were based on the RP-2000 White Collar Mortality Table with future mortality improvement projected to 2025 with the Society of Actuaries' projection scale BB (set forward one year for males) for service requirements and dependent beneficiaries. The RP-2000 Disabled Mortality table with future mortality improvement projected to 2025 with Society of Actuaries' projection scale BB (set forward two years for males and four years for females) was used for the death after disability retirement. Rates of mortality in active service were based on the RP-2000 Employee Mortality Table projected to 2025 with projection scale BB.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period July 1, 2009 – June 30, 2014, with the exception of the assumed investment rate of return.

**Public School Employees Retirement System:**

Inflation	2.75%
Salary increases	N/A
Investment rate of return	7.30%, net of pension plan investment expense, including inflation
Post-retirement benefit increases	1.50% semi-annually

Post-retirement mortality rates were based on the RP-2000 Blue-Collar Mortality Table projected to 2025 with projection scale BB (set forward 3 years for males and 2 years for females) for the period after service retirements and for dependent beneficiaries. The RP-2000 Disabled Mortality projected to 2025 with projection scale BB (set forward 5 years for both males and females) was used for death after disability retirement. There is a margin for future mortality improvement in the tables used by the System. Based on the results of the most recent experience study adopted by the Board on December 17, 2015, the numbers of expected future deaths are 9-11% less than the actual number of deaths that occurred during the study period for healthy retirees and 9-11% less than expected under the selected table for disabled retirees. Rates of mortality in active service were based on the RP-2000 Employee Mortality Table projected to 2025 with projection scale BB.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period July 1, 2009 – June 30, 2014, with the exception of the assumed investment rate of return.

The long-term expected rate of return on TRS and PSERS pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset class	TRS Target allocation	PSERS Target allocation	Long-term expected real rate of return*
Fixed income	30.00%	30.00%	(0.10)%
Domestic large stocks	51.00%	46.20%	8.90%
Domestic small stocks	1.50%	1.30%	13.20%
International developed market stocks	12.40%	12.40%	8.90%
International emerging market stocks	5.10%	5.10%	10.90%
Alternative	-	5.00%	12.00%
Total	<u>100.00%</u>	<u>100.00%</u>	

\* Rates shown are net of assumed rate of inflation.

STEWART COUNTY BOARD OF EDUCATION  
 NOTES TO THE BASIC FINANCIAL STATEMENTS  
 JUNE 30, 2020

EXHIBIT "H"

**Discount rate:** The discount rate used to measure the total TRS pension liability was 7.25%. The discount rate used to measure the total PSERS pension liability was 7.30%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer and nonemployer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the TRS and PSERS pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Sensitivity of the School District’s proportionate share of the net pension liability to changes in the discount rate:** The following presents the School District’s proportionate share of the net pension liability calculated using the discount rate of 7.25% and 7.30%, as well as what the School District’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.25% and 6.30%) or 1-percentage-point higher (8.25% and 8.30%) than the current rate:

<b>Teachers Retirement System:</b>	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
School District's proportionate share of the net pension liability	\$ 10,922,530.00	\$ 6,728,626.00	\$ 3,279,747.00

**Pension plan fiduciary net position:** Detailed information about the pension plan’s fiduciary net position is available in the separately issued TRS and PSERS financial report which is publicly available at [www.trsga.com/publications](http://www.trsga.com/publications) and <http://www.ers.ga.gov/financials>.

**Teachers Retirement System**

**Changes of assumptions:** In 2010 and later, the expectation of retired life mortality was changed to the RP-2000 Mortality Tables rather than the 1994 Group Annuity Mortality Table, which was used prior to 2010. In 2010, rates of withdrawal, retirement, disability and mortality were adjusted to more closely reflect actual experience. In 2010, assumed rates of salary increase were adjusted to more closely reflect actual and anticipated experience.

On November 18, 2015, the Board adopted recommended changes to the economic and demographic assumptions utilized by the System. Primary among the changes were the updates to rates of mortality, retirement, disability, withdrawal and salary increases. The expectation of retired life mortality was changed to RP-2000 White Collar Mortality Table with future mortality improvement projected to 2025 with the Society of Actuaries' projection scale BB (set forward one year for males).

On May 15, 2019, the Board adopted recommended changes from the smoothed valuation interest rate methodology that has been in effect since June 30, 2009, to a constant interest rate method. In conjunction with the methodology, the long-term assumed rate of return in assets (discount rate) has been changed from 7.50% to 7.25%, and the assumed annual rate of inflation has been reduced from 2.75% to 2.50%.

**Public School Employees Retirement System**

**Changes of assumptions:** In 2010 and later, the expectation of retired life mortality was changed to the RP-2000 Mortality Tables rather than the 1994 Group Annuity Mortality Table, which was used prior to 2010. In 2010, rates of withdrawal, retirement, disability and mortality were adjusted to more closely reflect actual experience.

On December 17, 2015, the Board adopted recommended changes to the economic and demographic assumptions utilized by the System. Primary among the changes were the updates to rates of mortality, retirement and withdrawal. The expectation of retired life mortality was changed to the RP-2000 Blue Collar Mortality Table projected to 2025 with projection scale BB (set forward 3 years for males and 2 years for females).

On March 15, 2018, the Board adopted a new funding policy. Because of this new funding policy, the assumed investment rate of return was reduced from 7.50% to 7.40% for June 30, 2017 actuarial valuation. In addition, based on the Board's new funding policy, the assumed investment rate of return was further reduced by 0.10% from 7.40% to 7.30% as of the June 30, 2018 measurement date.

**School OPEB Fund**

**Changes of benefit terms:** There have been no changes in benefit terms.

**Changes in assumptions:** The June 30, 2017 actuarial valuation was revised, for various factors, including the methodology used to determine how employees and retirees were assigned to each of the OPEB Funds and anticipated participation percentages. Current and former employees of State organizations (including technical colleges, community service boards and public health departments) are now assigned to State OPEB fund based on their last employer payroll location; irrespective of retirement affiliation.

The discount rate was updated from 3.07% as of June 30, 2016 to 3.58% as of June 30, 2017 to 3.87% as of June 30, 2018, and back to 3.58% as of June 30, 2019.

Notes to the Schedule of Expenditures of Federal Awards

Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of the Stewart County Board of Education (the "Board") under programs of the federal government for the year ended June 30, 2020. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Board, it is not intended to and does not present the financial position or changes in net position of the Board.

Note 2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Note 3. Indirect Cost Rate

The Board has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

SECTION II

COMPLIANCE AND INTERNAL CONTROL REPORTS

# DEPARTMENT OF AUDITS AND ACCOUNTS

270 Washington Street, S.W., Suite 4-101  
Atlanta, Georgia 30334-8400

**Greg S. Griffin**  
STATE AUDITOR  
(404) 656-2174

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Brian P. Kemp, Governor of Georgia  
Members of the General Assembly of the State of Georgia  
Members of the State Board of Education  
and  
Superintendent and Members of the  
Stewart County Board of Education

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Stewart County Board of Education (School District), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements, and have issued our report thereon dated June 25, 2021.

### Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Greg S. Griffin". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Greg S. Griffin  
State Auditor

June 25, 2021

## DEPARTMENT OF AUDITS AND ACCOUNTS

270 Washington Street, S.W., Suite 4-101  
Atlanta, Georgia 30334-8400

**Greg S. Griffin**  
STATE AUDITOR  
(404) 656-2174

### INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

The Honorable Brian P. Kemp, Governor of Georgia  
Members of the General Assembly of the State of Georgia  
Members of the State Board of Education  
and  
Superintendent and Members of the  
Stewart County Board of Education

#### **Report on Compliance for Each Major Federal Program**

We have audited the Stewart County Board of Education's (School District) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020. The School District's major federal programs are identified in the *Summary of Auditor's Results* section of the accompanying *Schedule of Findings and Questioned Costs*.

#### ***Management's Responsibility***

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

#### ***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of the School District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the School District's compliance.

### ***Opinion on Each Major Federal Program***

In our opinion, the School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

### **Report on Internal Control over Compliance**

Management of the School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the School District's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Respectfully submitted,

Greg S. Griffin  
State Auditor

June 25, 2021
